NUMBER 35

PROVISIONAL EXECUTIVE FOR B.C.F.G.A.

Kelowna District Growers Favour Immediate Action To Reconstitute Organization

The appointment of a provisional executive of five to seven members with power to investigate all matters pertaining to the B. C. Fruit Growers' Association, to canvass the Interior for support, to engage a permanent secretary, to bring in a report not later than June 1st at a special general meeting to be called, to call on the business of the Association until the report is received—this briefly summarizes the text of a recommendation endorsed by the Kelowna and District Local of the B.C.F.G.A. at a meeting in the I.O.O.F. Temple last night, called to hear Mr. D. Godfrey-Isaacs, who is making a campaign tour of the valley in the interests of re-organization of the Association.

Following the address of Mr. Godfrey-Isaacs, the recommendation was moved by Mr. Jock Stirling, seconded by Mr. F. R. E. DeHart. It was pointed out that the recommendation was not designed to belittle the work of Mr. Isaacs and his Vernon committee, which was endeavouring to sign up 2,000 growers before the extraordinary general meeting to be held in Kelowna on April 25th, but it was felt that the appointment of a provisional executive with the powers outlined would work out far more satisfactorily in the end. Mr. Stirling declared that the B.C.F.G.A. needed "turning upside down and given a good shaking"—that a trade union of tree fruit growers was what the industry needed. The recommendation, copies of which are being distributed among the growers of the valley, follows:—

"That this meeting of the Kelowna Local of the B.C.F.G.A. strongly recommends that, at the general meeting of the B.C.F.G.A. to be held on April 25th, a provisional executive of five or seven members be appointed with the following powers:

(a) To make a thorough investigation into all matters affecting the organization of the Association and its finances and constitution.

(b) To canvass the fruit growing districts of the Interior of B. C. and take all such steps as in their opinion are necessary to enlist support for the Association.

(c) To engage a permanent secretary and instruct him in his duties.

(d) To make its report and recommendations not later than June 1st, 1933, and for the purpose of the consideration of the same to call a special general meeting of the Association.

(e) To carry on the business of the Association until such report is dealt with and the proposed organization carried into effect."

Stating that the B.C.F.G.A. was on a sidetrack and needed to be brought back on the main line, Mr. Stirling declared that he would like to see two business men who were not growers on the executive.

DISCUSSION TO RESUME ON CARTEL AGREEMENT

Difference Of Opinion Arose At Last Meeting Of Cartel Council

The 1933 Cartel Council met here tomorrow in the Board of Trade Room to resume discussion on the contract drawn up for a 1933 Cartel. The contract or agreement was taken up clause by clause at a Council meeting here on Saturday, but a snag was struck in the clause that states there shall be a uniform or standard brokerage paid to distributors and that brokerage rebates shall be prohibited.

Opinion was sharply divided on this point, during the discussion of which Mr. A. P. Hayes, representing the Occidental Fruit Co., Ltd., and Mr. A. W. Hamilton, of B. C. Orchards, Ltd., left the meeting. Some other large shippers, it is reported, are not adverse to having brokerage rebates cut out. In the case of the Canadian Fruit Distributors, for instance, if rebates to jobbers were prohibited, the profits would revert to Associated Growers.

It is hoped that this point will be cleared up to the satisfaction of all at tomorrow's meeting, and that an agreement will be reached among the shippers for the 1933 marketing season.

CANADIAN DOLLAR AND STERLING BOTH SLIP

NEW YORK, April 6.—The Canadian dollar slipped back one-eighth cent to 82½ cents here today. The pound sterling is quoted at \$3.41½, a loss of half a cent.

GIRLS PARADE IN GARB OF GRANDMOTHERS

Charming Young Ladies Display Fashions Of Bygone Age

"Backward, flow backward, O tide of the year!" The wish expressed in this line from a well-known poem was realized—in fancy, at least—at the Royal Anne Hotel on Saturday afternoon, when the Girls' Hospital Aid staged an Old-Fashioned Dress Parade which was witnessed by a large crowd.

The fashions in which the grandmothers of today disported themselves in the long ago were strikingly contrasted with the dress achieved by the modern girl. Some of the outstanding costumes displayed by the models dated back to early in the nineteenth century, the nightgowns in which the young ladies of another generation "dressed up" to go to bed being particularly old. One of the most interesting and oldest costumes was a ball-room dress lent by Mrs. W. D. Walker of Okanagan Mission. It was a striped silk tulle, red and white, with a bustle, reminiscent of the mode prevailing in 1870.

Many other old costumes were charmingly exhibited by the girls, who combed the city and district for originals of the dress worn at earlier periods. Modern clothes, new spring gowns, etc., were kindly loaned by local merchants, including Thos. Lawson, Ltd., Jernan Hunt, Ltd., Miss M. Jones, the English Woollen Shop and the Nippon Bazaar, who furnished some of the latest models.

Graceland and noisier were the girls who acted as mannequins. They were: Miss E. Elson, Mrs. White, Misses G. Sanders, M. Little, E. Walker, P. Walker, E. Moore, M. Wallach, E. Dee, A. Appleby, J. McGowan, A. Curtis, P. Taylor, Mrs. A. Spencer, Mrs. C. J. Fredericksen, Mrs. H. G. Plonk. As each girl entered the rotunda from the small dining room, the type and period of the gown she wore was announced by Mrs. T. G. S. Chambers. The girls paraded to a dais, on which they posed for a brief interval, after which they walked down the aisle and left the rotunda at the entrance to the hotel office, proceeding to the stairway. Miss Marie Chapin presided at the piano.

Tea was served in the large dining room during an interval in the afternoon.

The Girls' Hospital Aid are to be congratulated on a splendid show.

CAR AND MOTOR CYCLE COLLIDE

Driver Of Cycle Sustains Fracture Of Leg

Attempting to pass a car driven by Mr. W. F. Whiteaway at the corner of Pendozi Street and Cadder Avenue, two men on a motorcycle, Bill Roddi and Jack Draginov, collided with the automobile and were thrown off the motorcycle. Roddi, the driver, receiving a fractured leg. His companion escaped with minor injuries. Both men were taken to the Hospital by Mr. Whiteaway.

The accident occurred last evening, shortly before 8 o'clock. Mr. Whiteaway was travelling north on Pendozi Street, and was turning west on Cadder Avenue when the collision occurred. The youths on the motorcycle were also travelling north and attempted to speed past the car just as it was turning down Cadder. Mr. H. B. D. Lyons was a witness to the accident.

Roddi is employed by the Hughes Grapevine Farm.

STERILIZATION BILL GETS SECOND READING

VICTORIA, April 6.—The measure permitting sterilization operations upon the feeble-minded, when the persons concerned give their consent, received second reading in the Legislature today.

VANCOUVER, April 6.—The Catholic Women's League today adopted a resolution denouncing the sterilization bill as a government violation of individual rights, natural law and Christianity.

DEBATE ADJOURNED ON VOTE OF NO CONFIDENCE

VICTORIA, April 6.—For the first time in the history of the Legislature, the House was permitted by the Government on Wednesday evening to adjourn with a vote of confidence motion hanging over its head.

The House for a \$2,600,000 bridge over the Fraser River at Ladner was the occasion, Mayor A. Wells Gray, of New Westminster, moved the six months' motion. L. A. Hanna, of Alberni, moved for adjournment, but this was opposed by Mr. J. H. Macpherson, of Penticton, who took the position that the six months' motion was a vote of want of confidence involving the defeat of the Government. "We'll sit here till morning," he declared.

Jack Loutet, Conservative member for North Vancouver, denounced the bridge plan as equivalent to adding \$3,000,000 to the debt of the province.

Mayor Gray described the plan as a "promotion scheme pure and simple" and "the crudest thing ever brought before the Legislature," and said, if tenders were called for, the bridge could be built for less than half the proposed figure of \$2,600,000.

T. H. Kirk adjourned the debate.

EARLY CLOSING LEGISLATION IS REQUESTED

Retailers Ask City Council To Amend By-Law Governing Hours Of Closing Stores

By a majority of one, members of the Retail Merchants Bureau of the Board of Trade voted on Tuesday evening in favour of circulating a petition for submission to the City Council asking that the by-law governing store-closing hours be amended to provide for the early closing hours now in effect for the first five months of the year. The closing hour at present being observed by mutual agreement until May 31st is 5.30 p.m., except Saturday, when stores close at 9 p.m. The meeting, by a narrow margin, favoured observing these hours in the first five months of each year, reverting to the 6 and 10 o'clock closing hours for the remaining seven months—from June 1st to December 31st. The meeting was held in the Royal Anne Hotel.

Discussion was opened on the subject when Mr. E. W. Barton, Secretary, stated that the question of closing stores at 5.30 p.m. in future had been left open last year, when merchants reached an agreement to close at this hour until the end of May. If the by-law was to be amended, some decision should be reached before the agreement terminated.

Mr. J. N. Hunt moved that no change be made in the by-law and that the former closing hours be observed after the end of May. This was seconded by Mr. R. MacDonald.

President P. T. Harding, who occupied the chair, pointed out that Kamloops, Vernon and Penticton stores closed at 5.30, to which Mr. J. B. Spurrer added that Kelowna was the only town of any size in British Columbia that adhered to the later hours. The public was now pretty well educated with regard to the earlier hours, which he would like to see go into effect the year round.

(Continued on page 8)

WOMEN'S INSTITUTE MONTHLY MEETING

Members Hear Exposition Of Hospital Finances

The Kelowna Women's Institute held its regular monthly meeting in the Institute Hall, Glenn Avenue, on March 28th. The President, Miss M. I. Reekie, occupied the chair.

Mrs. W. J. McDowall was present and gave the members a summary of Hospital finances. Mrs. McDowall is a member of the Hospital Board and, with Mr. T. G. Norris, K.C., forms the Internal Affairs Committee and has charge of Hospital grounds. She compared expenditures of Vernon and Kelowna hospitals, showing that the Kelowna Hospital was managed in 1932 far more economically than Vernon. Several new ideas are being tried out this year in the hope that people who can afford to help will be aroused to the need of the Hospital.

The Ways and Means Committee reported on the card drive held on March 10, at which \$13.85 was raised for Institute funds and a very enjoyable evening was spent by those present.

The committee for Child Welfare reported the attendance of twenty-two mothers and twenty-nine children at the Well-Baby Clinic of March 17th.

At the conclusion of business, tea was served by the hostesses of the day, Mrs. Hoare and Mrs. Swainson. A plant and seed exchange occupied the remainder of the afternoon to the mutual benefit of members and their gardens.

Miss Franklin, of Okanagan Mission, will be the guest speaker at the April meeting.

TAX ON AMATEUR SPORTS REDUCED

VICTORIA, April 6.—The ten per cent tax on amateur sports is to be reduced to five per cent, according to an announcement made by the Minister of Finance.

FLAT MOTOR LICENCE RATE OF \$15 SUGGESTED

VICTORIA, April 6.—A flat rate of \$15 as a licence fee for all motor cars was proposed in the Legislature yesterday by F. M. Macpherson, member for Cranbrook, who declared that the new fee by the weight plan really increases the rate on many cars rather than reduces it. He also urged that the regulation permitting the rebate of licence fees for the winter months in the Interior be made applicable this year rather than in 1934.

O.C. TRAIL ASSOCIATION RE-ELECTS OFFICERS

Valuable Publicity Work To Be Continued This Year

The annual meeting of the Okanagan-Cariboo Trail Association was held in the Royal Anne Hotel on Saturday afternoon, when officers for 1933 were re-elected to serve this year. They are: President, Mr. Ray L. Clark, Wenatchee; Vice-President, Mr. A. E. McPherson, Kamloops; Secretary, Mr. R. G. Rutherford, Kelowna; Directors: Mr. B. McDonald, Kelowna; Mr. Ray Thomas, Wenatchee; Mr. C. R. Moore, Okanagan; Mr. A. Schmidt, Seattle; Mr. E. G. Baynes, Vancouver; Mr. P. E. Knowles, Penticton; Mr. R. J. Vogler, Chelan.

The Association will continue to carry on its valuable publicity work this year. At a meeting with the executive of the Kelowna Board of Trade, held in the evening, the Directors outlined the proposed activities of the Association for the season and enumerated the benefits to be derived from membership in the organization, which is now co-operating with the Cascade International Highway Association.

FIRE OUTBREAK IN GREAT PILE OF APPLE BOXES

Dangerous Blaze Speedily Controlled By Efforts Of Fire Brigade

What might have proved to be a disastrous fire in the packing house district was averted early this morning by the quick work of the Fire Brigade, which responded to an alarm at 1 a.m., following an outbreak of fire in a stack of 33,000 empty apple boxes piled on Cawston Avenue opposite the Kelowna Growers' Exchange packing houses. The boxes are the property of the K. G. E. The loss will not amount to more than a few thousand boxes.

The fire, believed to have been caused by the carelessness of some one in the vicinity last night, broke out suddenly and was rapidly gaining headway when the Brigade arrived. In a few minutes, however, it was brought under control by the firemen.

VIVISECTION DENOUNCED AT S.P.C.A. MEETING

Col. L. A. DeV. Carey Charges Gross Cruelty In Practice To No Good End

Commencing an address condemning vivisection, at a meeting of the Kelowna Branch of the Society for the Prevention of Cruelty to Animals, held in the Board of Trade Hall on Thursday evening, Col. L. A. DeV. Carey recited Senator Vest's beautiful "Tribute to a Dog," which he followed by asking his audience if they were aware that over 250,000 dogs and other animals underwent untold tortures every year in Great Britain alone. And to what purpose? He quoted Dr. McNeill, F.R.C.S., as having stated that vaccination and the modern fashion of inoculation had contributed to the production of cancer, an opinion endorsed by many of the greatest surgeons.

It might be asked, said the speaker, why vivisection was carried on, as it surely must be of some use, otherwise so much money would not be expended on that kind of research. In reply, Col. Carey charged, in forcible language, that it was all done for money and for money alone. It was kept going in order that "hundreds of bloody butchers might continue to get a fat salary, and for no other reason."

Col. Carey also claimed that children were sacrificed by these "devilish butchers," many hundreds dying annually under their hands and in most cases in dreadful agony.

One of the Y.M.C.A. buildings in Chicago had a portion set aside for vivisection, he asserted. This was supposed to be a Christian association, but surely they must forget that Christ had said that our Heavenly Father had knowledge of every sparrow that fell to the ground. Then how much more did He feel for the millions of noble animals who suffered untold agonies before merciful death came to their aid?

In conclusion, Col. Carey declared that humanitarians did not want vivisection merely to be restricted; they wanted it to be ABOLISHED.

ROOSEVELT INVITES RAMSAY MACDONALD

WASHINGTON, April 6.—President Roosevelt today extended an invitation to Premier Ramsay MacDonald to visit the United States in order to discuss war debts, disarmament and the economic conference.

HEAVY GRIST OF ROUTINE BUSINESS

By-Laws And Resolutions Occupy Greater Portion Of City Council Session

With all its members in attendance, the City Council spent most of the time at the regular session on Monday night in the passage of By-Laws and resolutions and the transaction of other routine business, little of which was of outstanding interest to the public.

Board Of Trade Grant

Representing the Executive of the Board of Trade, Capt. J. H. Horn, President, Mr. C. B. Winter and Mr. E. W. Barton, Secretary, appeared before the Council to urge the need of an undiminished civic grant in order to maintain the continuity of the public work carried on in the interests of the community by the Board.

The case for the Board was put tersely and forcibly by Capt. Horn, who impressed upon the Council that the fact that the times were depressed was not lightening at all the tasks of the Board but really was rendering them more onerous, owing to decreased revenues. The present year was likely to be a poor one for membership. Many citizens would like to join the Board and assist it in its work, but they could not afford to pay the subscription. Also, much help had been given in past years towards the entertainment of visitors by local men who were not on the Executive, but not one-tenth of such aid could be expected this year owing to the conditions. Yet there would be such events as the I.O.O.F. provincial convention, with an attendance of probably three hundred delegates. The Board of Trade, he emphasized, was not a luxury but a necessity to the town. The Executive did not see how they could get along with a smaller grant than last year, which had not been adequate. They quite realized the circumstances facing the

(Continued on Page 4)

COMMITTEE OF CANADIAN LEGION AGAIN ELECTED

Financial Statement Deemed Satisfactory In View Of Difficult Times

Although the attendance at the annual meeting of the Kelowna Branch, Canadian Legion, held in the Legion building, Ellis Street, on Thursday evening, with President G. N. Kennedy in the chair, was considerably smaller than usual, the business to be dealt with was transacted satisfactorily and expeditiously.

Verbal reports were made by the President and the Secretary, Mr. David Addy, Mr. B. P. Meredith and Mr. J. Gibb upon the activities of the Branch during the past year, including work done upon pension claims, the canteen, entertainment and other features, and the financial statement was submitted.

After writing off depreciation on building and furniture, the latter showed a small loss but it was deemed satisfactory in view of the difficult financial times, and it was adopted together with the reports of the officers.

Appreciation was expressed of the services of the Committee and of the staff, which was shown next day (the voting for officers being held separately from the annual meeting) by re-election of the Committee en masse.

The officers for 1933 are: President, G. N. Kennedy; First Vice-President, B. P. Meredith; Second Vice-President, J. Gibb; Committee: H. S. Atkinson, G. W. Hammond, S. R. Davis and O. L. Jones.

SENATE PASSES SWEEPSTAKES BILL

OTTAWA, April 6.—It now rests with the House of Commons to decide whether sweepstakes will be permitted in Canada. The Senate yesterday passed its final approval on Senator Macrae's bill and it now goes to the Lower House.

As finally passed by the Senate, the bill permits one lottery to raise funds for hospital purposes each year in each province, providing the Attorney-General of the provinces approves and sets up a committee to conduct it.

SHIPPING ROUTE GOVERNS PREFERENCE ON WHEAT

LONDON, April 6.—Rt. Hon. Neville Chamberlain, Chancellor of the Exchequer, told the House of Commons today that he was unable to accept the suggestion that Imperial preference be given on all wheat arriving in the United Kingdom of proven Empire growth, regardless of route of shipment.

REPORT OF KELOWNA GENERAL HOSPITAL

Reduction Of Statutory Grant A Severe Blow

More patients have been admitted to the Kelowna General Hospital in the first three months of the year than during the corresponding period of 1932, although the average stay has been less. There have also been many more out-patients for minor operations than during the same months of last year. Statistics for these three months are as follows:

Month	Patients	Patient Days	Births	Deaths
Jan.	104	844	12	7
Feb.	84	744	8	1
Mar.	107	975	8	1

The proposed reduction of statutory grants to hospitals by the Provincial Government, which will hit the Kelowna institution to the extent of \$3,000 in a full year, may prove a death blow to many hospitals. The Hon. J. W. Jones' advice to them is to "pull in their belts."

When an individual's income is reduced, he finds many things he can manage to do without and still survive. A hospital is different. It deals with life and death. If a doctor says expensive serums, vaccines and other materials are essential to save a patient's life, the patient must have them. If X-ray pictures are necessary for diagnosis, they have to be taken. If an expensive diet is necessary for a patient's recovery, the hospital has to supply it. The hundred and one things needed for big operations must be supplied. Sterilization of everything must be carried out; this cannot be cut. Laundry work must continue. Large quantities of ice must be bought or manufactured. No saving can be made on heating unless fuel can be bought cheaper. In some hospitals salaries have been cut three times till they are almost ashamed to say what they are paying. Nursing is now the poorest paid of the professions.

Where, then, can the belt be pulled in? Most hospitals have so cut to the bone that nothing is left but the most vital services, matters of life and death. Are these, too, to be cut? Hospitals even now for their forced reductions are laying up heavy expenses for the future, for buildings and plants are not being kept up and rapid deterioration is well under way. Most hospitals are now open only by consent of their creditors. How, then, are they to face these cuts and remain to carry on their purposes of restoring health and saving life for all classes, both rich and poor?

The Board of Directors wish to acknowledge with grateful thanks the following donations in cash and kind: Women's Auxiliary (on account of housekeeper), \$40.00; Mr. Grote Stirling, M.P., \$25.00; Kelowna Basketball Association, \$14.10; Burns Night, \$25.00; Young People of Bonaville, \$6.00; Rutland Girls' Auxiliary, a canning machine; Mrs. L. B. Leifroy, 5 dozen eggs; Mr. Ray Corner, 6 chickens; Mrs. Rathwell, 2 dozen eggs; also donations of books, magazines and flowers.

The week after Easter, April 17th to 22nd, will be Hospital Egg Week. Mr. W. Madden, manager of the Empress Theatre, has offered to hold an Egg Matinee, probably on Thursday, April 20th, when admission will be paid by means of eggs. Watch for announcements next week. The Hospital requires 600 dozen eggs for preserving. Be generous!

GALE WRECKS OLD EVAPORATOR BUILDING

Half Of Roof And Portion Of Walls Torn Away

A strong north-westerly wind which sprang up on Sunday evening gained in intensity until it culminated, shortly after two o'clock on Monday morning, in a blast of such fury as is seldom witnessed in the Kelowna district, which is remarkably free from destructive gales. Radio poles, telephone poles, trees and other standing objects succumbed to the shock, but the damage would have been comparatively small if it had been confined only to such things. Much more serious was the injury suffered by the Dominion Cannery, formerly used by the Dominion Cannery house as an evaporator plant, hence known colloquially as the "Evaporator Building," and later by the Canadian Cannery (Western), Ltd. as a cannery.

Situated close to the lake front and exposed to the full force of the wind, half of the roof of the building was lifted clear of the remaining portion and blown over the adjoining boiler house, landing in a crumpled heap upon the ground. A portion of the boiler house struck a corner of the boiler house, smashing the roof and the top of the building, the wall of the top story facing the lake collapsed, and the structure looks a pretty bad wreck. Some of the remaining walls are badly cracked and may have to be taken down, if repairs are effected. The plant was not operating last year and it is not known yet what the owners will do with the building. No accurate appraisal of the damage has been made, but it must run into several thousand dollars.

The gale was widespread and it wreaked havoc with the power lines of the West Kootenay Power & Light Co. in the southern Okanagan between Penticton and Oliver. The power went off abruptly in Kelowna at about 2.25 a.m., and the service was not resumed until about 11 a.m., the delay in restoration being due, it is understood, to the necessity of conveying poles some distance to replace those blown down.

TOC H LIGHTS ITS LAMP OF MAINTENANCE

Fitting Ceremonial Marks Important Occasion In History Of Kelowna Branch

Solemn and impressive was the service of thanksgiving and ceremony of dedication to the Ian Cameron Lamp, symbolical of their status as a branch, which took place at the Doyle Avenue headquarters of the Kelowna Branch, ToC H, on Thursday evening last, when the Lamp of Maintenance, which was lighted by H.R.H. The Prince of Wales at the Birthday Festival of ToC H in Birmingham, England, in December, was lighted by the Kelowna Branch for the first time.

In addition to members, probationers and other invited guests, the ceremony was witnessed by Mrs. M. E. Cameron, mother of Lieut. Ian MacKenzie Cameron, of the 15th Battalion, C.E.F., who was killed at Vimy Ridge in 1917, and by Mr. and Mrs. Alister Cameron, brother and sister-in-law of him whose memory the lamp perpetuates. Other lady guests included Mrs. J. W. N. Shepherd and Miss Betty Shepherd.

The Bronze Lamp of Maintenance, bestowed when a Group (the probationary stage in the ToC H family) proves itself worthy of promotion to branch status, resembles in appearance lamps that were in common household use in the first centuries of the Christian era. For the sacred monogram XP (Christos), which was often found upon their handles, the double cross, a part of the arms of the city of Ypres, has been substituted. When not in use, the lamp is kept in a handsome oak casket, the exterior of which bears inscription plates. This casket is also used for a stand when the lamp is lighted at meetings of the Branch.

The service opened with the singing of "Onward, Christian Soldiers" and during the singing of the hymn the Secretary, Mr. F. A. Martin, bearing the Lamp and followed by the officers and the Acting Padre, Mr. W. B. Bredin, filed into the room. The Secretary placed the Lamp on the pedestal, after which the Padre began as follows:

"We are gathered here within the unseen glory of the living God, mindful of that first great gift of God to men, when the light of God's true love shone from a stable; mindful, too, of that fresh radiance which, from another hostelry, lighted a world of darkness and of fear, with its all-conquering love. Let us then unite in praise and thanksgiving for these most blessed gifts and stand rejoicing in our fellowship with Him who was the light of the world and claims our willing service. Let us gird our loins and light our Lamp as we dedicate ourselves afresh for the greatest of all adventures. But, first, we must be humble, for they were lowly rooms where first Christ entered in. As we hold in rich remembrance those miracles performed at Bethlehem and Poperinghe, we must be honest in our penitence if we would be certain in our conduct. I bid you then, ere we go forward to light our Lamp with new endeavour, first pause upon your knees that failures, too, may be brightened with God's forgiveness."

All knelt in confession, followed by The Lord's Prayer, after which the congregation rose and sang "The Magnificat." The lesson (St. Matthew, Chap. V) was read by the Treasurer, Mr. J. V. Ablett, followed by the hymn "O God Our Help In Ages Past." All members joined in thanksgiving for ToC H, the service being led by the Padre. "We thank Thee, O Lord, that an ever widening vision of manhood and ever more wonderful opportunities for service are entrusted to us; that there is work for all to do, and that the humblest service of the least of these, Thy children, has its place in Thy plan and purpose; for Groups and Branches and Houses, for friends and members bending loyally to their task, at home and overseas, for love transcending petty personal issues and for light seen in dark places."

After the singing of "Ye Watchers and Ye Holy Ones," Mr. Bredin gave a thoughtful address on "Lighting a new Light," outlining first of all the history of ToC H, which was born at Poperinghe during the early days of the Great War, when Talbot House was opened by Padres Neville Talbot (today Bishop of Pretoria) and Philip Clayton ("Tubby," now Vicar of All Hallows-by-the-Tower, a guild church

Little Stories of Big Results

THE entire earnings of the Mutual Life of Canada are owned by the policyholders. The following actual result is proof that it pays to own a "participating-in-profits" policy in this company.

POLICY No. 11,513—ISSUED IN 1884—\$1,000
20 Payment Life
This Policyholder paid The Mutual Life
20 Annual Premiums of \$25.20 \$504.00
The Mutual Life has paid him in dividends \$404.46
The total cost of \$1,000 insurance protection
for 49 years was only \$99.54
(An average of only \$2.03 yearly)

IN ADDITION
The value of his policy in cash today is \$807.32
It will be seen that for \$99.54 he now has a credit of \$807.32. The cash value will increase year by year and he will receive a cheque annually for his share of the earnings of the company.
If he had taken a similar policy on a "non-participating-in-profits" plan at the lowest known rate it would have cost him \$21.45 yearly for twenty years, a total of \$429.00—compared with a total of \$99.54 under the Mutual Life of Canada "participating-in-profits" plan.

You, too, can become a Policyholder in this successful and sound Canadian Company. Mail the Coupon below for further information regarding the Mutual Life and its Policies.

I, E. Bowman, first President and one of the founders of the Mutual Life Assurance Company of Canada, who presided at the first annual meeting of the Company, stated in his address:

"The Founders were led to entertain the project of establishing a Life Insurance Company, based upon purely mutual principles, believing it highly desirable that the benefits of life insurance should be extended as widely as possible and at the cheapest rates compatible with safety to the insured."

BOY SCOUT COLUMN

1st Kelowna Troop
Troop First! Self Last!
Edited by S.M.

April 4th, 1932.
Orders for the week ending Thursday, April 13th, 1933:

Duties: Orderly patrol for the week, Otters; next for duty, Beavers.

Rallies: The Troop will rally at the Scout Hall on Friday, the 7th inst., at 7:15 p.m. On Monday the 10th inst., at 5 p.m., the regular Court of Honour will be held.

We wish to draw the attention of all ex-members of the Troop to the fact that a meeting is being held on Friday of this week in Mr. E. C. Weddell's office, at 7:30 p.m., to discuss the possibilities of holding a re-union celebration in honour of the Troop's twenty-first anniversary.

The 1933 catalogues from Dominion Headquarters have just arrived and a copy is now in the hands of most of the members of the Troop. There are still a few copies left, so if any member did not receive a copy on Monday night, he can get one from the S.M.

We are not able to publish the patrol marks this week as the books are not available at time of writing this column. However, they will be added in next week's issue.

The Scoutmaster was unable to attend last week's meeting, and the parade was taken on this occasion by Acting A.S.M. Pettman.

Scout Notes Of Interest

President Roosevelt has succeeded former President Herbert Hoover as Honorary President of the Boy Scouts of America.

Celebration of the twentieth anniversary of the founding of Scouting in Vienna appropriately opened with a service at the Church of the Barmherzige Bruder, or Kindhearted Brethren. The President and the government were officially represented.

The Silver Wolf for outstanding service, including the organization of Scout Troops among Belgian World War, has been awarded to General Commissioner van Hoof of Belgium.

Boy Scout training is credited with saving the life of George Kane, a young Toronto man, when his jugular vein was cut in a hockey accident. Kane kept his head, held the cut together with his fingers, and assisted a companion, also a former Scout, in completing an effective first aid job.

U. S. President Roosevelt, who is also Honorary President of the Boy Scouts of America, was twelve years President of the Boy Scouts Foundation of Greater New York. In that capacity he helped raise a million dollar Greater New York Scout Camp fund.

According to the musical critic of "Saturday Night" and other prominent Canadian journals, Canadian Scouting has made an important contribution in a new field with the publication of a new song book, "Songs for Canadian Boys," issued under the auspices of the Boy Scouts Association of Quebec. The book is dedicated to Mr. E. W. Beatty, as President of the Canadian General Council of the Boy Scouts Association. A feature of the book is its selection of traditional British songs, with sketches of their historical background.

A. H. EVANS TO STAND FOR SIMILKAMEEN

(Princeton Star)

VOTE FOR EVANS!
This cry may be heard in the next local election campaign.

After a secret meeting (at which Mr. A. H. Evans was present) it was publicly announced that Mr. Evans had been asked to accept the nomination as candidate for the Similkameen riding in the forthcoming provincial election. Mr. Evans blushing accepted the nomination, said that he had never expected it would fall to his lot to fight for the workers in this manner, but assured them he was in the battle to the finish.

The nomination was proposed by Mr. W. A. Nicholson.

It will be like as not be a race between laws and politics if Mr. Evans intends to run here, as he is due to face trial in Vernon about 5th June on a charge of advocating governmental reform, which may only be made through the ballot box, by direct application of force. The election may be held at any time during the early summer.

(Evans addressed meetings in Kelowna recently.)

So far-reaching is the vogue for realism in the theatre that there's nothing reserved any more except the seats.—Nelson News.

WOLF CUB NOTES

1st Kelowna Pack
"Do Your Best"

Orders for the week ending April 15th:

There will be a meeting at the Scout Hall, on Wednesday, April 12th, at 7 o'clock p.m.

There are several 1933 catalogues now at hand and any Cub may have one on request.

We are very glad to have Donald Henderson with us again after his illness and wish him the best of health from now on. Donald will now occupy the position of Senior Sixer to Div. "B" of the 1st Kelowna Pack, for which he has worked very hard since he joined the Pack.

J. E. H. LYONS,
Acting Cubmaster.

EAST KELOWNA

Mr. and Mrs. McTavish have returned from their trip to Scotland.

The Badminton Club finished off the season with a dance in the Community Hall on Friday evening, Monday night saw the last evening of play.

Matches were played against four outside districts this year, a return match being played in each case. East Kelowna won from Rutland and Winfield but lost to the town and one game to Okanagan Centre. East Kelowna ladies lost both their matches to the Rutland ladies.

The Juniors wound up the badminton season with a tournament in which seven couples played. Master Henry Wood and Miss Margaret Allport were the winners.

About a dozen men are still washing gold on Mission Creek. They make their board and that is about all, although one man took \$15.00 out of one hole. As the hole was big enough to lose the steam roller in, perhaps he deserved it. From the size of some of the boulders chucked about one wonders just how the miners did it. We feel that the government faced with the same species would have ordered a crane from Vancouver. One party of miners have dug a tunnel about a hundred feet long, cutting down a small grove of firs and hauling them some distance by hand for the timbering.

As an amateur effort this is well worth seeing. Another party put in a big flume last fall to divert the creek. During the December cold snap an ice jam ten feet high formed in the canyon above them, and burst, taking everything before it, including the flume. Fields of broken ice four feet thick were left at every bend in the creek as far down as the Belgo bridge.

The spraying season has begun. The lime and sulphur enthusiasts have been at it for a week. Growers generally have been tuning up their machines, and wondering whether the old heap will hold out for another season. A lot of opposition from the Codling Moth is anticipated this year.

There was a good turnout at the first football practice of the season held Sunday afternoon on the field at Matthews' flats. The ground was dry but rough. At a meeting held on the field Mr. George Buck was elected Captain. It was decided to hold a dance at the end of April to raise funds for the season.

The young people enjoyed another successful dance got up by Mrs. Wilson, on Saturday evening. The music was provided by Mrs. Robertson at the piano and Mr. John Evans on the banjo.

The wind on Sunday evening did considerable minor damage, blowing down trees and radio poles and interrupting electric service.

TUXIS

Boys, do not forget the Gym Display that is coming off soon. Advertise it well and do your best to sell tickets. The boys' practices will be held every afternoon from 4:30 to 5:30. Remember there is a prize for the boy and the girl selling the most tickets. If you sell ten tickets, you get one ticket free. With these prizes in view you should be able to sell a lot of tickets.

A joint Boys' and Girls' Conference will be held here near the end of the Easter holidays. This Conference should prove of great interest to all boys and girls. Mr. Maclean and Miss Fountain will be here to lead the meetings.

Man (at garage)—How can I get rid of a miss in my car?
Mechanic—Insult her and she'll get out of her own accord.

Ragson Tatters—I have an attachment on my Ford.
Friend—What's it for?
Ragson—For debt, of course.

1ST RUTLAND TROOP

"Do A Good Turn Daily"

The Troop will parade in the Community Hall on Friday, at 7:45, for a rehearsal of the concert programme.
Duty Patrol: Seals.

The attendance at last week's rehearsal fell away a little, 29 Scouts answering the roll.

Good progress is being made, additional rehearsals for the plays being held during the week.

Patrol Competition Standing
Beavers 609
Foxes 570
Kangaroos 508
Seals 388
Eagles 358
—A.W.G.

YOUNG PEOPLE OF UNITED CHURCH

(By W. L. M.)

Last Sunday evening, Mr. Jack Lyons addressed the Young People on "The Study of Prayer." Prayer is a natural gift and shows clearly how much the human spirit depends upon the divine. It is one of the most essential elements of worship and dates back to the pagan who worshipped his many gods and sought comfort of mind from them. Prayer is indeed a gift but usually not until man is in great difficulty does he use it. It is ours to use and develop and when the peoples of the world have a common prayer and live under God's rule then shall they be happy.

Only four more Sundays to finish the contest. Group three is leading and numbers four, two and one follow respectively. Full attendance is asked by the group leaders. Come and row your boat past the winning line.

The Young People's presentation is to be held this Friday evening, at 8:15 p.m., in the United Church Auditorium. The public is cordially invited to attend and it promises to "Bounce the Blues Away." Everyone will be there, so why not you?

The Young People will hold their regular Sunday evening programme at 8:45 in the Church Parlour. The subject this evening will be biographies of men who have blazed the trail of Christianity.

MORE PRIZES OFFERED FOR NAMES OF CAKES

February Winners In Magic Mystery Cake Contest

Sixty-three Canadian homes were made richer recently in amounts varying from \$250 to \$10 when the results of the February Magic Mystery Cake Contest were announced and cheques for the prize money were forwarded to the lucky prize winners by the manufacturers of that well-known household requirement, Magic Baking Powder.

The first prize of \$250 was won by Mrs. Joe Kent, R. R. No. 2, Tillsonburg, Ont., with the name "Chocolate Economy." Second prize of \$100 went to Miss Florida Tessier, Garthby Station, P.Q., and the third prize of \$50 to Mrs. R. Strang, Winnipeg, Man. The winners of the remaining sixty \$10 prizes were widely scattered throughout every province in the Dominion, and practically every community in the whole country contributed names to make up the huge total of 60,000 entries submitted to the judges.

Two hundred and fifty dollars is big money in times like these, yet it is within the power of some one in this district to receive a cheque for this amount by simply suggesting a good name for a cake. On page three of this week's issue of The Courier appears the announcement of the fourth Magic Mystery Cake Contest with full details. The recipe for the unnamed cake seems so good that several Kelowna housewives will probably spring a pleasant surprise on their respective families by baking this Mystery Cake and serving it to them before the week-end, while others will follow suit in the near future. And after it has been tasted surely some member of a Kelowna family will be able to think up a name that will bring him or her a cheque for the grand prize of \$250 or one of the other sixty-two cash prizes offered. It costs nothing to try, so why not participate?

Notice has gone out to all growers connected with the Salmon Arm Farmers' Exchange that the Board has severed its connection with Associated Growers, Ltd., and in future will sell independently. The Penticton Co-operative, which in past weeks has been considering breaking away from the Associated, voted recently in favour of staying with the three-party contract this season.

A New Brunswick newspaper publishes the names of all those receiving relief each week. Some B. C. municipalities are considering the same publicity, says the Armstrong Advertiser.

CHANGE OF PROPRIETORSHIP

OWING to the illness of Mr. Keith Smith, his interest in The Kelowna Pharmacy Ltd. has been purchased by Mr. R. H. Brown, a resident of Kelowna and district for the past fifteen years.

Mr. Brown is a Graduate Pharmacist of over 25 years' experience, obtaining his Diplomas of Pharmaceutical Chemist and Analytical Chemist from the Ontario College of Pharmacy, and his Post Graduate Degree of Bachelor of Pharmacy (Pharm.B.) from the University of Toronto.

Mr. Brown has had an extensive experience in Pharmaceutical Dispensing, in Buffalo, New York and Eastern Canada, and was associated for over ten years with Messrs. P. B. Willis & Co., Ltd.

The Kelowna Pharmacy Ltd. has also engaged the services of Mr. Ronald Begg, of Vancouver, a British Columbia Graduate of Pharmacy, with considerable city pharmaceutical experience. Patrons can feel assured their prescriptions will be capably and carefully dispensed by a fully qualified Dispensing Chemist at all times.

The Kelowna Pharmacy Ltd. wishes to thank the many friends of Mr. Keith Smith for their kind enquiries and sincere wishes for his ultimate recovery, and we wish to take this occasion of soliciting a continuance of the patronage so generously extended to Mr. Smith.

POOLE BAKERY LIMITED

FRED BURR, Manager
PENDOZI STREET We Deliver PHONE 39

TASTY DISHES WHICH FEATURE CANNED CORN

Corn cakes are delicious with roast beef. Here is how they are made.

¾ cupful of canned corn.
½ cupful of milk.
¼ teaspoonful of sugar.
2 eggs.
¾ cupful of flour.
3 teaspoonfuls of baking powder.
½ teaspoonful of salt.
Add the milk and sugar to the corn, and combine with the eggs which have been well beaten. Sift together the dry ingredients and add to the corn mixture. Drop by tablespoonfuls into muffin rings which have been greased with beef dripping and set in a baking pan also greased with dripping. Or bake in muffin tins, dropping in by tablespoonfuls. Bake in a moderate oven—375 degrees F.—and serve piping hot with roast beef.

Corn Omelet
A very popular new omelet is corn omelet. It is made as follows:

4 eggs.
4 tablespoonfuls of milk.
½ teaspoonful of salt.
¼ teaspoon white pepper.
1 cupful of drained canned corn.
2 tablespoonfuls of butter.
Separate the egg yolks and whites and beat the whites until light. Add the milk and seasonings, and the corn, which has been heated with one tablespoonful of the butter. Beat the egg whites until stiff and fold carefully into the first mixture. Melt the remaining butter in a heavy frying or omelet pan. Pour in the omelet mixture, cover, and cook slowly until set. Fold when firm and serve at once on a hot platter. This recipe will serve six persons.

Corn Muffins
Corn muffins sound—and are—delicious. Here is how they can be made.

Take:
1 cupful of drained canned corn.
2 cupfuls of sifted flour.
¾ teaspoonfuls of baking powder.
1 tablespoon of sugar.
½ teaspoon of salt.
1 egg well beaten.
1 cupful of milk.
3 tablespoonfuls of shortening.
Measure the sifted flour and sift again with the baking powder, sugar, and salt. Beat the egg, add the milk and melted shortening, and combine with the flour mixture, beating only enough to blend the ingredients. Add corn, stirring as little as possible, and turn into well greased muffin tins. Bake in a fairly hot oven 400 degrees F. for twenty to twenty-five minutes.

SPRING CARE OF ROSE PLANTS

Spring is a critical time in the care of the rose and other flowering plants, and the question of just how and when to remove the winter protective covering gives pause for thoughtful consideration. With such plants as rose bushes it is important that the protection from the direct rays of the sun be continued until the season of low temperatures is past, because when the strong spring sun strikes the plants, transpiration—that is, the emission of watery vapour—at once takes place from the surfaces of stems and twigs. This transpiration facilitates root absorption, thus allowing a constant supply of mineral food to enter the body, and promotes gaseous interchange between the tissues and the external air. If the roots are still frozen, the result will be the drying out of the plant—always a damaging process. If, however, the frost is out of the ground, the sap flows freely and growth is likely to begin. This is especially true if the sun is allowed to play on the exposed plants and this indicates the advantage of delaying the uncovering until the season of low temperatures is safely past.

It is important, however, to do some uncovering even before the warm weather arrives to enable the drying off of the plants to prevent mould, which is very destructive. If the plants have been covered with boxes, the ends should be taken out and the wind allowed to play through them, but without admitting the sun's rays directly on the plants. The timely and gradual removal of winter covering has been the practice of the Experimental Farm at Ottawa for many years, and it is seldom that the plants so treated fail to produce an abundance of flowers.

This will make 12 muffins.
Sweet Corn, Southern Style
Sweet Corn, Southern style, is one of the most appetizing and easy ways of serving corn. It is quick and simple. Here is how you make it.

Scald one pint of milk with ½ can of Aylmer sweet corn. Add one teaspoonful of salt, a dash of pepper, two eggs slightly beaten, and one and one half tablespoons of melted butter. Pour into a buttered baking dish. Bake in a slow oven, in a pan of water, until firm and brown. This recipe will serve six.

TOC H LIGHTS ITS LAMP OF MAINTENANCE

(Continued from Page 1)

of Toc H). Describing the structure of Talbot House, the Padre said that it contained three stories; on the first was a canteen, on the second a library and at the top a chapel, embracing the three principal needs of man—food, intellect and a sanctuary of the soul.

Feeling that the spirit of comradeship such as that evidenced at Talbot House should not die, "Tubby" Clayton and a band of survivors of the Ypres Salient started Toc H on a modest scale in London in 1919-1920. Two years from this beginning, Groups and Branches had been organized throughout England, and in 1922 the Royal Charter was granted. A few years later Toc H had girdled the earth. Toc H was organized in a community first as a Grope, which formed a Group. In the course of time, after a test of stability, unity and work, it became a Branch, with a Lamp of Maintenance as a symbol of its trust and responsibility. Its members were drawn from all ranks of society, and prospective members served a probation period before becoming full-fledged members. Its objects and ideals were based on fellowship and service. Each member pledged himself to fellowship with other men and to service of those less fortunate than he.

Toc H, said Mr. Bredin in conclusion, did not neglect the spiritual side. A regeneration of humanity was needed today more than a change of the economic system, which would not make us less selfish. True progress was not more money, skyscrapers, etc., but a result of a finer appreciation of the things really worth while. Toc H was destined to grow and achieve. If the "hop loft" at the top of Talbot House had not been converted into a chapel it was doubtful if there would be in existence a Toc H as we knew it today.

The members grouped about the Lamp, which was lit, and each kindled his taper at the Lamp, after which the ceremony was taken by First Pilot O. L. Jones, who repeated the pledge: "Remembering with gratitude how God used Talbot House to bring home to multitudes of men that, behind the ebb and flow of things temporal, stand the eternal realities, and to send them forth strengthened to fight at all costs for the setting up of His kingdom upon earth. We pledge ourselves to strive: To listen now and always for the voice of God; to know His will revealed in Christ and to do it fearlessly, reckoning nothing of the world's opinion or its successes for ourselves or this our family; and towards this end to think fairly, to love wisely, to witness humbly, to build bravely."

Following the singing of "O Valiant Hearts" and the Nunc Dimittis, the visiting Padre, Rev. W. W. McPherson, offered a blessing on the work of Toc H, the members and all present.

Rev. C. E. Davis presided at the piano during the singing of the hymns. At the conclusion of the ceremony, refreshments were served by the members, and most of the guests were called upon to speak before the gathering dispersed. Mr. Joe Barnes was appointed Custodian of the Lamp. The Lamp was presented to him for safe keeping by Pilot W. B. Hughes-Games, who presided.

Exhibiting a framed photograph of Ian Cameron, the Pilot announced that it had been presented by Mrs. Cameron. He accepted it with thanks on behalf of the Branch.

Welcoming the visitors, particularly the ladies, Mr. Hughes-Games explained that usually one or two who attended a Toc H meeting on guest night came back again and eventually became members. Meetings were held each week.

Dr. Kingsley Terry, the first guest called upon to speak, wished Toc H every success in its work. In following his work from day to day, nearly every one gained knowledge of the troubles of others, and it was his duty to help in any way that he could.

Mr. O. St. P. Aitkens declared his great admiration for the work Toc H was doing. They were practical Christians, and he hoped to join them some day. The world was passing through hard times, and it would be wonderful if each could "adopt" a family that was suffering through lack of the necessities of life. In this way, poverty would be alleviated to some extent. There was more spiritual growth in the world since the depression started, so it was worth it. He thanked Toc H for the invitation to attend the ceremony that evening.

Mr. Talbot, who spent some months in Oyama, said that there were some good fellows there with the real Toc H spirit, and he would like to see a Grope started. It would be fine if the Kelowna Rushlight (given to a Group) could go to Oyama.

The Pilot replied that the executive would give details regarding the running of a Grope.

(Continued on Page 7)

RUTLAND

Miss I. McRobbie left on Friday for Summerland to visit friends, and will be absent for several weeks.

The regular monthly meeting of the Women's Association of the Rutland United Church was held at the home of Mrs. Geo. Fletcher on Friday afternoon last. In addition to regular routine business, arrangements were made to hold a Jubilee Sale in the near future. The meeting next month is to be at the home of Mrs. W. McDonald.

The high winds Sunday night and early Monday morning did not appear to have done as much damage locally as they did nearer Kelowna.

Miss Bessie McLeod gave a dance in Gray's packing shed for her many friends on Friday evening, some sixty or more young people being present. The affair was announced as a "children's party" and the guests were asked to come in juvenile costume. The girls took to the idea enthusiastically and almost all appeared in "kiddie" costume. The boys did not take kindly to the idea themselves, however, only one or two turning out in juvenile attire, the remainder being too dignified or reticent to so demean themselves. Everyone had a really fine time and the dancing was kept up until early Saturday morning.

A large number of local people and young folks took part in the concert in the I.O.O.F. Hall, Kelowna, given by the Rehearsal Lodge. The play "Our Aunt from California" and the dance "Wedding of the Painted Doll" from the C.G.L.T. concert programme were repeated for this affair.

Through the kindness of Mrs. G. C. Renfrew, a pleasant function took place on Thursday afternoon at her house, when the ladies of the Anglican Guild combined to present to Mrs. H. LePargneux a memento of their appreciation of her services to the Guild. Mrs. LePargneux, who is an ex-President of the Guild, is leaving shortly for Saskatchewan, much to the regret of her many friends in this district.

Water users of the B.M.I.D. will be pleased to learn that amendments to the Water Act which are now before the House provide for giving power to the Trustees to abolish the penalty previously imposed and allow discounts for cash payment on the system now in vogue for the tolls, at rates to be set at the Trustees' own discretion. Interest on arrears is set at 8 per cent, similar to interest rates on provincial land taxes. There is every prospect of the amendments passing the house without change.

The work of sinking a well at the Community Hall has been completed and a pump installed. The well has a total depth of 42 feet, with over six feet of water.

Two crates containing nineteen live white ptarmigan, beautiful in their snow-white plumage of winter, were shipped recently by the Manitoba Government to Nova Scotia, where they will be used in an experiment to ascertain whether they can be raised successfully in the Maritime Provinces. The birds were captured by means of fish nets in their natural habitat in northern Manitoba.

BANK OF ENGLAND GOVERNOR IN LEVEE DRESS

All dressed up in his Windsor uniform, Montague Norman (right), Governor of the Bank of England, is seen leaving, with a friend, the recent levee held at Buckingham Palace by the Prince of Wales on behalf of the King, who was slightly indisposed at the time.

EARLY SPRAYS NECESSARY TO CONTROL APPLE SCAB

(Experimental Farms Note)

Many human and animal diseases can be cured by treating the individuals with materials such as medicines and antiseptics, but in the control of plant diseases such as apple scab this is not possible. To control this trouble the fungus causing it must be killed, but it is impossible to do so after the fungus has entered the tissues of the leaves and fruit. It must be destroyed through the use of sprays before the fungus can infect the susceptible parts.

The apple scab fungus overwinters in the dead apple leaves, where spores, that are capable of infecting the young fruit and foliage, are produced. The spores become mature and are liberated into the air about the same time as the apple buds are opening. They alight on these parts and, if there is sufficient moisture present, begin to grow and penetrate the apple tissues. It is essential, therefore, that the trees be covered with a spray capable of killing the spores when they come in contact with it. Experiments conducted at the Summerland Laboratory of Plant Pathology have shown that the first spray application is very important and

must not be delayed, but must be made early in the season if good control is to be obtained. This is the prepink spray and should be applied while the trees are in the cluster bud stage.

As spores are discharged from the dead leaves over a considerable period of time, it is necessary to protect newly formed and enlarging susceptible plant parts from later infection by making two more sprays, one immediately after the petals have fallen, the calyx spray, and the other ten days after the calyx spray, the cover spray.

Lime-sulphur has been found the best spray up to the present and should be used by all growers where apple scab occurs. The spray programme being recommended this year is as follows:

1. Prepink or cluster bud spray—lime-sulphur, 1-35.
2. Calyx spray—lime-sulphur, 1-40.
3. Cover spray—ten days after the calyx spray, lime-sulphur 1-40.

This spray may be used in combination with lead arsenate and nicotine sulphate, if it is necessary to use these insecticides for insect control.

G. E. WOOLLIAMS,

Dominion Field Laboratory of Plant Pathology,
Summerland, B.C.

GLENMORE

Glenmore welcomes the return of Mr. Harry Gill and his wife to the McDougall ranch. Mr. Gill was a resident of Glenmore in the early days.

The many friends of Mr. Ernie Callas will be glad to congratulate him on his obtaining the position of town hallist in the place vacated by Mr. Andy McIntyre.

Mr. Jimmy Ait paid a hurried visit to his home ranch. Things up at Barkerville are cool under ten feet of snow.

Nostrils in Glenmore are again being teased by the delicate aroma of lime-sulphur. 'Tis a sure sign that spring is here. Despite the depression, Leaf Roller and Blister Mite are still on the job and even if the farmer cannot sell his fruit, he must be right on the trail of these pests with his spray gun.

All Glenmore was saddened by the news of the death of Mrs. E. Davies. Mrs. Davies was an old-timer in the valley and our sympathy goes out to Mrs. Percy Rankin in her loss.

The concert on Friday, March 31st, was a great success. The crowd could have been larger but those present showed splendid appreciation of the programme presented. An item which must be mentioned specially was the piano solo by Rex Marshall. We expect to hear more from this promising young artist.

The play, "Freezing a Mother-in-Law," presented by the Dramatic Society, was a "wow." The remedy invented by Ferdinand (Albert Scott) and used with such glee by Mr. Wattenuff (Mr. Macrao) to freeze his overbearing better half (Mrs. Hume) could be put to good use in the depression—for freezing creditors. Miss Vera Macrao and Mr. Paul Chase ably portrayed the young couple whose love affair threatened to wilt under the heat of Mrs. W.'s attack.

Other items on the programme were supplied by Mrs. and Mr. Shortt, Myrtle McMillan and Frank Snowsall. The "Vagabonds" supplied orchestral selections. The Rev. A. McMillan presided in his usual entertaining and cheerful manner.

Congratulations to Mr. Donald Whitman on his enterprising brother-in-law, Mr. Jack Clements. Jack, last fall, when packing apples, left a note in a box of fruit mentioning that he was a lonesome farmer in Peachland. (Through the aid of newspapers this "ad." was spread to the winds. Jack has discovered to his dismay that ladies all over the world would like to meet him. He even has two replies from Poland.

Mr. Clarence Tryon, of Montreal, who had been visiting his aunt, Mrs. London, returned home on Monday.

Mrs. Andrews is busy preparing for her Guild meeting on Tuesday night.

Will members of the Dramatic Club keep Tuesday, April 11th, free for the annual meeting which is to be preceded by a supper. Phone any officer for particulars.

Mr. R. M. Watt, manager of the Home Oil warehouse at Chilliwack, whose quick action in shutting off the main valves to the 16,400 gallon gasoline tank prevented a much greater loss than the estimated \$10,000, is well

MARCH AND LANDI IN "THE SIGN OF THE CROSS"

Stars Team Together For First Time In Spectacular Drama

A new romantic team makes its bow to film fans in Cecil B. DeMille's "The Sign of the Cross," which opens at the Empress Theatre today for a three-day run. Fredric March and Elissa Landi are the lovers in this spectacular drama of the stirring events of Nero's reign in imperial Rome, the story of Nero's persecution of the hapless Christians discovered making the "sign of the cross" by his myriad spies.

It is the first time that March and Miss Landi have played together. Others in the huge cast include Claudette Colbert and Charles Laughton.

"The Mask of Fu Manchu" Weird catacombs, uncanny Oriental torture chambers, spectacular Asiatic palaces, a mysterious death-ray, a robot hurling artificial lightning—these are just a few of the thrills that mark the presentation of "The Mask of Fu Manchu," filmization of Sax Rohmer's famous story, which comes to the theatre on Monday and Tuesday. The cast includes Boris Karloff, Lewis Stone, Karen Morley, Myrtle Loy and Jean Hersholt.

"Madame Butterfly" "Madame Butterfly," one of the most treasured romances of all time, now made into a motion picture, comes to the Empress Theatre on Wednesday and Thursday with a cast headed by Sylvia Sydney, Cary Grant, Charlie Ruggles and Irving Pichel.

One of the treasures of Mr. S. Ruff, an employee of the Canadian National Railways, is a copy of the timetable used just over thirty-one years ago when the Duke and Duchess of Cornwall and York, now Their Majesties King George and Queen Mary, opened the enlarged Victoria Jubilee Bridge across the St. Lawrence River at Montreal in 1901. The timetable is printed on satin, bears the Royal Arms and is bound with red cord. It gives not only the names of stations and the times of arrival and departure but the distances between points and their height above sea level. The times are shown according to the 24-hour system, but some thoughtful official added a translation in the 12-hour system for the royal convenience. Only one of the officials whose names appear on the back of the timetable is living, Mr. D. Pettinger, who was General Manager of the Canadian Government Intercolonial Railway.

Sixty-seven samples of grain have already been received from Australia for exhibition at the World's Grain Fair at Regina. They include sixty of wheat, five of oats, one of peas and one of flax.

known in Glenmore, where he resided for several years before going to the Coast. He was manager in Kelowna for the Union Oil Company.

\$1,000 FOR NAMES another MYSTERY CAKE

First Prize \$250, Second Prize \$100, Third Prize \$50, 60 Prizes of \$10 each

Miss M. McFarlane Created the Recipe for this

MAGIC MYSTERY CAKE

Contest Rules Read Carefully

- 1 Contest is for residents of Canada and Newfoundland only.
- 2 All you do is name the mystery cake. Only one name from each person.
- 3 PRINT at the top of your paper in ink (or typewrite) "Miss McFarlane's Mystery Cake." Under this, print your suggestion for a name. Then, in the lower right-hand corner, print your own name and address, clearly and neatly. Do not use pencil.
- 4 Do not send the cake itself—just the name and your own name and address. It is not essential to bake the cake to enter the contest.
- 5 Members of our own organization or their relatives are not eligible to take part in this contest.
- 6 Contest closes APRIL 30, 1933. No entries considered if postmarked later than April 30 midnight. No entries considered if forwarded with insufficient postage.
- 7 Judges: Winning names will be selected by a committee of three impartial judges. The decision of these judges will be final.
- 8 Prize winners will be announced to all entrants within one month after contest closes.
- 9 In case of a tie, the full amount of the prize money will be paid to each tying contestant.
- 10 Where to send entries: Address your entries to Contest Editor, Gillett Products, Fraser Avenue, Toronto 2.

NOTE: Other Magic Mystery Cakes coming! Watch for them in later issues of this newspaper.

Get busy . . . Join the thousands of Canadian women taking part in these fascinating contests

HOW about putting an extra \$250 in your pocketbook? Name this Magic Mystery Cake. Perhaps you'll win that first prize!

Miss M. McFarlane worked out the recipe for this month's mystery cake. It's simple and economical! You'll like its delicious flavor, too! Read the recipe through. Then try to think of the very best name you can to describe it.

Better still—make the cake yourself, if you like. And be sure to do as Miss McFar-

lane advises—use Magic Baking Powder.

Other well-known Canadian food experts share Miss McFarlane's high opinion of Magic. In fact, the majority of them use and recommend Magic exclusively because it gives consistently better results.

Make up your mind to enter this Magic Mystery Cake contest right now. Try to win one of the 63 cash prizes.

When you bake at home

the new, FREE Magic Cook Book contains tested recipes for dozens of tempting dishes. Send for it. Address Gillett Products, Fraser Avenue, Toronto 2.

Here's Miss M. McFarlane's Recipe . . . can you name it?

- 1/4 cup butter
1 cup sugar (granulated)
2 cups pastry flour (or 1 1/4 cups bread flour)
3 teaspoons Magic Baking Powder
1/4 teaspoon salt
3/4 cup chopped walnuts
1/2 cup strong coffee (strained and cold)
3 egg whites
Cream butter thoroughly; add gradually sugar creaming well with butter. (Note:—It is the thorough beating and blending of these first ingredients that lay the foundation of the final texture of your cake.) Measure dry ingredients—sift together twice. Add dry ingredients alternately with the strained cold coffee. Beat thoroughly until all in-

gredients are evenly blended. Add chopped walnuts. Fold in stiffly beaten egg whites. Pour batter into greased pans—filling only two-thirds full. Bake in oven 350° F. for 25 minutes.

FROSTING: Have ready 1 cup icing sugar (or more). Cream 3 tablespoons butter with 2 tablespoons of this sugar; add 2 tablespoons strong coffee. Sift remaining sugar with 1 tablespoon cocoa (dry). Add to butter. Beat till light and fluffy. (Note: To have icing with a smooth glaze—use liquid hot.)

Made in Canada

CONTAINS NO ALUM. This statement on every tin is your guarantee that Magic Baking Powder is free from alum or any harmful ingredient.

AN ATTRACTIVE GIRL BUT.. NO TELEPHONE!

"What's the matter with me anyway, Mary?" Grace wanted to know. "I don't think I'm unattractive, but I'm seldom invited out by boys—or girls either, for that matter."

"Of course you're not unattractive, dear," said her chum, "but how can you expect 'dates' when you isolate yourself so?"

"Isolate myself?"
"Just that! You have no telephone, and a person without one is—well, just out of the 'swim.' Nowadays people who 'go places and do things' don't plan for weeks ahead. Most of their affairs are of the spur-of-the-moment kind. So if they can't reach you by telephone they don't reach you at all."

We know a banker's son who says he doesn't scratch matches on the bottom of his shoes any more because it tears his socks.—Ohio Green Goat.

THE KELOWNA COURIER AND Okanagan Orchardist.

Owned and Edited by
G. C. ROSE

SUBSCRIPTION RATES

(Strictly in Advance)
To all points in Canada, outside the Okanagan Valley, and to Great Britain, \$3.00 per year. To the United States and other countries, \$3.00 per year.
Local rate, for Okanagan Valley only: (One year, \$2.00; six months, \$1.25).

The COURIER does not necessarily endorse the contents of any contributed article. To ensure acceptance, all manuscripts should be legibly written on one side of the paper only. Typewritten copy is preferred. Anonymous poetry is not published. Letters to the editor will not be accepted for publication over a "nom de plume"; the writer's correct name must be appended.

Contributed matter received after Tuesday night may not be published until the following week.

ADVERTISING RATES

Contract advertisers will please note that their contract calls for delivery of all changes of advertisement to The Courier Office by Monday night. This rule is in the mutual interests of advertiser and publisher, to avoid confusion on Wednesday and Thursday and consequent night work, and to facilitate publication of The Courier on time. Changes of contract advertisements will be accepted on Tuesday as an accommodation to an advertiser confronted with an emergency, but on no account on Wednesday for the following day's issue. Transient and Contract Advertisements—Rates quoted on application. Legal and Municipal Advertising—First insertion, 15 cents per line, each subsequent insertion, 10 cents per line. Classified Advertisements—Such as For Sale, Lost, Found, Wanted, etc., under the heading "Want Ads." First insertion, 15 cents per line; each additional insertion, without change of matter, 10 cents per line. Minimum charge per week, 50 cents. Count five words to a line. Each initial and group of not more than five figures counts as a word. If so desired, advertisers may have replies addressed to a box number, care of The Courier, and forwarded to their private address, or delivered on call at office. For this service, add 10 cents to cover postage or filing.

THURSDAY, APRIL 6th, 1933

HEAVY GRIST OF ROUTINE BUSINESS

(Continued from Page 1)

Council with the additional burdens thrust upon the City this year by the Provincial Government through withdrawal of liquor profits and pari-mutuel tax grants, but they hoped that the essential nature of aid to the work of the Board would have recognition.

Mr. Barton briefly endorsed the plea made by the President.

In reply, Mayor Gordon said the Council was faced with the need of cutting down expenditure to the extent of about \$12,000 this year, on account of the loss of provincial grants and other revenue, but the importance and value of the public work of the Board was fully recognized, and the amount of the grant to be made would have very earnest consideration during preparation of the estimates.

The deputation thanked the Council and withdrew.

Allotment of Recreation Ground Hours

By resolution, Mr. G. H. Tutt, who has given splendid voluntary service in past years along such lines, was requested to make the necessary arrangements this year with the various clubs and organizations in the city that desire to use the Recreation Ground in the City Park, so as to ensure that the practices and games of such athletic bodies will not clash.

Rent Of Lots

Lot 34, R.P. 1000, was rented to Mr. E. E. Wahl until December 31, 1933, for the sum of \$5.00, with the usual reservation as to right of the City to sell the property at any time without compensation for unfulfilled period of tenancy.

All the lots owned by the City, amounting to about 185 in all, in Blocks 1, 2, 8, 9, 10, 11, 14, 15, 16, R.P. 1306, including the allowance between the said blocks, were rented to Mr. Fortunato Dal Col for the period ending October 9, 1933, at a rental of \$50, subject to the right of sale by the City and to the provision that Mr. Dal Col shall be permitted to maintain the existing fence enclosing the designated property, including the road allowances.

Sale Of Small Building

An offer of \$30.00 from Mr. Charles Gowen for the small building, formerly used as an office at the Miniature Golf Course, on the Police Station property, was accepted.

Sale Of Lots

By-Law No. 596, selling Lot 39, R. P. 413, to Mrs. Hilda Mabel Ellis for \$75.00, was given reconsideration and final passage, as also was By-Law No. 597, granting to the same lady an option to purchase Lot 38, R.P. 413, at \$75.00.

Health By-Law Amendment

By-Law No. 598, consolidating and amending Health By-Laws Nos. 479 and 586, was introduced and received three readings. It reduces the monthly rate for sanitary service from 55 cents to 50 cents and changes the last date for payment without penalty from the 15th of each month to the 18th.

Change Of Penalty Date For Light And Water Rates

In order to bring the last date for payment without penalty of the water and light rates into line with the charge

LETTERS TO THE EDITOR

OKANAGAN APPLES GIVE SATISFACTION IN BRITAIN

H. R. & S. Sainsbury, Ltd.,
Bridge Mills, Trowbridge,
Wilts., England.
March 17th, 1933.

The Editor,
Kelowna Courier.

Dear Sir,
Through the courtesy of a former resident in this town, now living at Victoria, B. C., a copy of your paper dated February 16th has been sent me.

We are interested to find the name of our firm mentioned in a report concerning the import of apples from your district.

We would like to say that we are continuing to receive supplies of this brand which are giving satisfaction to our customers. Wrapper enclosed.

Sincerely yours,
H. R. & S. Sainsbury.

(EDITORIAL NOTE.—The fruit wrapper enclosed was that of the O.K. brand, issued by the Associated Growers for export business, bearing the imprint of a monogram O.K. in the center, with a maple leaf on either side, "Empire Product," above the monogram and "Canada" on a scroll below, also the name and address of the Associated Growers, with the slogan "An apple a day for health.")

OKANAGAN MISSION

Her many friends in Kelowna and the Mission will be interested to hear that Miss Betty Simcoe has been received for training as a hospital nurse at St. Joseph's Hospital, in Victoria.

On Monday afternoon, at about five-thirty, Mr. Varty's shack, on the lakeshore below Cedar Creek, was burned to the ground. For several months past it had been occupied by Mr. Bob Thompson and his brother. At the time that the fire broke out, both men were absent, one of them fishing on the lake, and the other taking a stroll. The cause of the fire is unknown. Everything was destroyed, and the unfortunate men found themselves possessed only of the clothes which they were wearing at the time, and the contents of their pockets.

Local help gave prompt and practical evidence of sympathy in this disaster, and a benefit dance is being held in the Bellevue Dance Hall on Saturday, April 8th, from 8 to 12 p.m., for their assistance. It is hoped and anticipated that there will be a large attendance.

The Women's Institute met at Mrs. Johns' house on Tuesday afternoon. At the conclusion of the business session there was an exchange of flower seeds and plants. Quite a number were presented for this purpose and there seemed to be plenty to go round for the needs of those present.

Miss Franklin then demonstrated the best methods of seed sowing indoors, and also of preparing cuttings for striking, and at the end of the afternoon a Kelowna visitor exhibited a wonderful assortment of paper flowers for sale and took orders for her wares. So the afternoon might be described as a thoroughly "floral" affair!

Mrs. Hobson and her two sons arrived from the Old Country on Monday, and have taken possession of the Misses Malleson's house, where they will spend the summer. The Misses Malleson are leaving immediately on a visit to friends in the Old Country.

Mrs. Francis, her daughter and Miss Dykes are also expected back home shortly. They travelled on the same steamer with the Hobsons.

Mr. and Mrs. Middlemass and their daughters have taken up residence in the new cottage on Mr. Hugh Dunlop's place, and Mr. and Mrs. Tom Raymer are occupying Mr. Mallam's ranch house.

A man in Chicago has just retired in excellent health after playing a saxophone in an orchestra for fifty years. This seems to prove anew, says the Boston Herald, the admirable self-restraint of the American people.

For sanitary service, By-Laws Nos. 599 and 600, changing the date in each case from the 15th to the 18th of the month, were given three readings.

The change in date is being made to suit the convenience of people who receive wages on the 15th of the month but are unable to reach the civic office that day.

A plan of subdivision of Lot B, R.P. 2191, submitted by the Okanagan Loan & Investment Trust Co., was approved.

After formal adjournment until Monday, April 10th, the Council spent some time in committee of the whole, discussing several matters of more or less importance.

ORCHARD RUN

By R. M. R.

HOW'S THIS, KID?

Dear R.M.R.—Betcha can't make me feel good because I ain't got any money. Go to it, you big four-flusher. (Signed) Kelowna Kid.

When you dig down in your jeans (Dietrich), and only a cold and lone nickel (signifying you are broke) comes in contact with your finger tips, you are prone to reflect sadly that your purchasing power is indeed limited (shot, gone foocoy). Even though a nickel looks bigger than it used to in 1928 (when you were a wise guy), it doesn't go far in paying the rent or buying baby new shoes. Personally, I have not had to buy new shoes for any baby under twenty, so I may fall down (fail) in trying to cheer up the hughubrious person (man, woman, child) who addresses me in such fitting (size 38) terms up there at the top.

However, in my capricious cogitations, I am suddenly struck (see also "impressed, hit between the eyes," etc.) with the thought that there are things that money (filthy lucre) cannot buy. For instance, I couldn't walk into Thos. Lawson, Ltd. (ladies' wear) and demand an apron for the lap of luxury, nor could I trip lightly into the establishment of Jernan Hunt, Ltd., and ask one of the girls (dames) for hosiery for the limbs of a tree. And I'll bet Fumerton's do not keep umbrellas for showers of blessings. There is a possibility, of course, that Joe Spurrier might have books for a school of fish or a bat for an eyeball, but money wouldn't obtain them. None of the department stores can sell (let go at a profit) shoes for the foot of our main street, a shirt for the ocean's bosom or a lock for the chain of events.

Kid, there are a lot of things money won't buy. It's hard stuff (kale, shekels) to get along without, and it's hard to get along with. It's aristocratic (high-toned) and refuses to keep company with us (you, me) these days. You would be just as discontented with too much of it, Kid, as you are with too little. But if you ever get too much (a plethora of pesos) write me another letter and I'll help you to be happy by taking some of it off your hands.

FASHION NOTE

After the fashion parade on Saturday, I asked Norm DeHart: What's the latest thing in men's clothes?

"Women," says Norm.
So I bought a chic evening gown. You should see it, boys.

BALMY BREEZES

Drummond's poem—the one that goes, "The night was dark like one black cat, the wind she blow, blow blow," or something like that—was popular on Monday morning, following a spring blast equalled in ferocity only by the B. C. Legislature. It was a miniature hurricane, no fooling, disturbing the slumbers and discordant snores of our respectable citizenry to an alarming degree.

Where chimneys came down and trees were uprooted, there was genuine concern. Before the power was cut off, the pyjama-clad gentry hopped out of bed and appeared at lighted windows to survey the chaotic drama enacted by the wind, which whistled and howled in thrilling fashion. And when the lights went out it was still more eerie. People sleeping alone were not particularly proud of the fact on this hectic night.

I was rudely awakened while dreaming weird dreams. The combination of the two—the dreams fresh in my memory and the caving wind—filled me with an unholy terror. I thought the millennium had come—a thought which should terrorize any columnist.

HE DOESN'T WORRY

"Well, my boy, my congratulations! I hear you're engaged to one of the pretty twins across the street."
"Rather!" replied the young man heartily.
"But," asked his uncle, "how on earth do you manage to tell them apart?"
"Oh," said the young man, "I don't try!"

A TASTY RECIPE FOR RAGOUT OF MUTTON

Here is a recipe recommended by Canadian National Railway hotel and steamer chefs for the preparation of ragout of mutton, to serve eight persons:

Have three pounds of breast of mutton cut into squares. Brown in butter, dredge with flour and add sliced onion and diced turnip, which has also been browned in butter. Add pepper and salt, bay leaf and a tablespoon of minced parsley. Simmer for an hour and a half. Take out the bay leaf and serve in casserole.

Pre-Easter Sale!

Tremendous Value-Giving Days! To start April off with a bang we have planned remarkable savings. This is the time of times to buy. New Spring Frocks, Coats, Suits and accessories. New clothes for the children. Home Furnishings, etc.

VARIETIES OF SWEET CORN

(Experimental Farms Note)

Early maturity is one of the desirable characteristics of sweet corn. For earliness, quality and yield Golden Bantam sets the standard amongst the different varieties of this vegetable. During recent years tests conducted at the Dominion Experimental Farm, Agassiz, have given results showing that there are several varieties of sweet corn that are of good quality and which mature up to ten days earlier than Golden Bantam. The most conclusive evidence has been obtained with Sixty Day Golden, which over a period of six years has given a consistent heavier and earlier yield, the latter chiefly due to increased size rather than an increased number of cobs. Pickaninny is a

variety recognized as being earlier than Golden Bantam; the yield is, however, less and cobs are considerably smaller. In tests made in 1932, Spanish Gold, Burpee and Early Market all gave earlier maturity than Golden Bantam and where sweet corn is grown for earliness these varieties are all worthy of trial.

The expression of any character in plants is a function of both heredity and environment, consequently under different soil and climatic conditions the final behaviour of any plant material can only be proved by careful tests.

Notice is hereby given that the Annual General Meeting of the directors of the Black Mountain Irrigation District will be held in the Community Hall, Rutland, B. C., on Thursday, April 13th, 1933, at 8 p.m., for the following purposes, namely:—

(a) To receive from the Trustees who have been in office a report on the condition of the works and a statement of the financial condition of the District.

(b) To discuss with the Trustees any matter relating to the works or the finances of the District.

(c) To fix the remuneration of the Trustees for the ensuing year.

Dated at Rutland, B. C., this 3rd day of April, 1933.

C. R. BULL, F. H. CASORSO, A. E. A. HARRISON, A. C. LOOSEMORE, A. McMURRAY, Trustees.

BLACK MOUNTAIN IRRIGATION DISTRICT

Notice Of Election

In accordance with the provisions of the Water Act, the following resolutions have been passed by the Trustees, namely:—

"Resolved that J. R. Beale, Secretary, of Rutland, B. C., be the Returning Officer for the election to be held on Thursday, April 20th, 1933."

"Resolved that the Returning Officer shall attend at the District Office, Rutland, B. C., between the hours of 10 a.m. and noon on Thursday, April 20th, 1933, for the purpose of receiving nominations and electing one Trustee for a term of three years, and that a poll, should such be necessary, be held at the District Office, Rutland, B. C., from 10 a.m. until 4 p.m. on Monday, April 24th, 1933."

Nominations shall conform with the requirements of Schedule "B" of the Water Act, a copy of which may be seen at the District Office, Rutland, B. C.

J. R. BEALE, Returning Officer.

Rutland, B. C., April 3rd, 1933.

The Fire Brigade responded to two calls on Saturday. A grass fire on the property of Mr. Lewis, Cadder Avenue, was responsible for a still alarm at 1.10 p.m., and a chimney fire at the home of Mr. Charles Quinn, Vimy Avenue, resulted in a call at about 10.30 p.m. No damage was done in either case.

Alterations are proceeding in the building formerly occupied by the Oak Hall Store, into which Gordon's Grocery will move in a short time.

Local and Personal

Sheriff C. D. Simms, of Vernon, spent several days in the city last week.

Miss Margaret Burtch left on Tuesday by Canadian National for the Coast.

Mr. and Mrs. J. S. Brown, of Penitton, were week-end guests at the Royal Anne Hotel.

Mr. G. A. Barrat, Associated Growers' Old Country representative, returned from England on Thursday.

Capt. and Mrs. H. Agar, of Wilson Landing, spent the week-end in the city, guests of the Royal Anne Hotel.

Mr. G. W. Mathison, of Toronto, was a visitor to the city at the week-end. He stayed at the Royal Anne Hotel.

Mrs. J. N. Cameron left last week by Kettle Valley Railway to visit Coast cities. She will be away about six weeks.

Mr. A. E. McEighen, Manager of the Leland Hotel, Kamloops, and son, were guests of the Royal Anne Hotel at the week-end.

Mr. and Mrs. W. McTavish, of East Kelowna, returned last week from a trip to the Old Country, where they spent the winter.

Guests at the Royal Anne Hotel this week included Mr. Paul Stoffell, of Cashmere, Messrs. W. R. Hearst and E. Kanour, of Portland.

Kelowna stores will remain open all day on Thursday next. They will be closed on Good Friday, April 14th, and on Easter Monday, April 17th.

According to reports appearing in Coast papers recently, Mr. W. J. Bowser, K.C., is scheduled to address a meeting in Kelowna on April 12th.

Mr. David Addy, Secretary of the Kelowna Branch, Canadian Legion, left for Vancouver today to undergo treatment at Shaughnessy Military Hospital for war injuries.

Mr. Carl McKenzie, of Hythe, Alberta, in the Peace River country, arrived in the city on Monday to visit his parents, Mr. and Mrs. G. S. McKenzie, Sutherland Avenue.

The Kelowna Volunteer Relief Association gratefully acknowledges receipt of the following donations: Kelowna Gyro Club, \$15.53; CKOV Relief Fund (collected in milk bottles), \$15.

Miss Betty Crichton, R.N., left last week for Vancouver and Victoria, en route to Shanghai, where she will join the staff of the British Hospital. She plans to sail for the Orient at the end of this week.

Mr. Fred Burr, manager of the Poole Bakery, Ltd., paid a business visit to Vernon and points en route yesterday in the interests of his firm, with the results of which he expresses himself as very well pleased.

Miss R. P. Judge left yesterday afternoon by C.P.R. for North Vancouver, where she will visit her mother for a couple of days before proceeding on her journey to England. She will return to Kelowna in July.

Mr. Ray L. Clark, Manager of the Cascadian and Columbia Hotels, Wenatchee, and President of the Okanagan Cariboo Trail Association, and Mr. S. Stinson, also of Wenatchee, were visitors to the city on Saturday and Sunday, when they were guests of the Royal Anne Hotel.

This year is the twenty-first anniversary of the organization of the 1st Kelowna Troop of Boy Scouts, and in this connection a meeting of all former members of the Troop has been called for tomorrow (Friday) evening, at 7.30, at the offices of Mr. E. C. Weddell. The meeting will discuss what form the celebration of the anniversary is to take. The address of every former member of the Troop is desired in order that invitations may be forwarded to them.

The manufacture of pottery formed the subject of an interesting address by Mr. W. H. H. McDougall to the Rotary Club at their weekly luncheon in the Royal Anne Hotel on Tuesday, when Mr. McDougall exhibited a number of samples of the art. Guests included Dr. L. R. Shier, of The Pas, Manitoba; Mr. R. S. Smith, of Vancouver; and Mr. R. G. Rutherford, of Kelowna.

Kelowna shareholders in a California oil enterprise, organized about twenty years ago in Vancouver, received an agreeable surprise recently in the form of dividend cheques. Although production was reached in the early days of the undertaking, the yield of oil was comparatively small and did little more than meet operating expenses, so that the value of the stock sank until it was merely nominal, but the venture seems to have taken on a new lease of life in a form that is very pleasing to the recipients of dividends.

AN OTTAWA ENGAGEMENT

This is John Hay, son of Mr. and Mrs. Lionel Hay, of Ottawa, formerly of Surbiton, Kingston-on-Thames, Surrey, England, whose engagement to Miss Marjorie Grace Osborne, daughter of Mr. and Mrs. H. J. Osborne, of Ottawa, has been announced.

PLEASING ENTERTAINMENT
BY KELOWNA REBEKAHS

Rutland Talent Lends Effective Assistance In Presentation

Two one-act comedy dramas and a charming song dramatization were thoroughly enjoyed at the I.O.O.F. Temple on Monday evening, when Kelowna Rebekah Lodge No. 36 presented a talented cast of children and young ladies from Rutland, in addition to Lodge members, in an excellent amateur programme. The performances were well received by the fair sized audience, which warmly applauded the historic efforts of those taking part in the entertainment.

The first presentation, a song dramatization of the "Wedding of the Painted Doll," was charmingly enacted by a group of twenty Rutland school children, all in attractive costumes. The twelve little girl dancers were particularly appealing, but the entire ensemble acquitted themselves nobly. It was an excellent opening number for any variety entertainment.

Seven Rutland players, all girls, took part in "My Aunt from California," a comedy drama capably staged. The plot, delightfully conceived, concerns three sisters, Rosalie, Felicia and Sally Needy, who receive a letter from their aunt in California, Mrs. Munroe, in which she informs them that she is coming for a visit and will take the niece who pleases her most on a trip to Europe. It develops that Auntie is fond of a joke, consequently Rosalie and Felicia make elaborate preparations to make their aunt's visit one round of fun.

Sally (played by Miss Aileen Bond) proves to be a better joker than her scheming sisters by impersonating the aunt (Miss Mary Still) prior to the good lady's arrival, much to the consternation of Rosalie and Felicia (Misses Mona Schell and Jennie Reid, respectively), when Auntie arrives on the scene and they learn the truth. Evidently, this so tickled the old lady that clever little Sally got the trip to Europe.

Other players in the cast were Miss Doris Schell, as Miss Wilcoxins; Miss Peggy Bond, as Mrs. Needy; and Miss Florence Aberdeen, as the maid. Each played her role in a creditable manner, giving the performance as a whole the desired touch of humour.

"Untangling Tony," the final presentation, brought together a good cast of players in Mrs. A. Fraser, Miss Jennie Reid, Mrs. Taggart, Miss Doris Schell, Miss E. Scott, Mrs. E. Granger, Mr. Roy Duggan, Mr. George Morrow and Mr. A. E. Bostock, all of whom handled their characterizations with skill, evoking spontaneous laughter and applause.

The story is, briefly: Tony Ray (Mr. Roy Duggan), scion of a well-to-do family, becomes enamoured of Carolyn Carroll (Miss Jenny Reid), an actress, who has proof of their engagement in black and white. This entanglement

distresses Mrs. Ray (Mrs. Taggart), Tony's mother, who has already selected a prim little lady, Gladys Manning (Miss Doris Schell), for the role of wife of her son. Gladys' mother (Mrs. Granger) is also working towards the end, Mrs. Crew (Miss E. Scott), cousin of Mrs. Ray, induces her gentleman friend, Mr. Van Alsten (Mr. George Morrow), to flirt with the actress in an endeavour to draw her away from Tony, who, meanwhile, discovers that Gladys Manning is not such an uninteresting girl, after all.

Carolyn Carroll is invited to the family residence. She is accompanied by her mother, Mrs. Brown (Mrs. Fraser), whom she introduces as her aunt owing to Mrs. Brown's tendency to drop her "aitches" and to pick them up again in the wrong place. Mrs. Brown also has a noticeable weakness for strong liquor, which, in the end, is responsible for revelation of the fact that she ran away twenty years ago with a gentleman from a music hall, deserting her husband, Thomson (Mr. Bostock), the Rays' butler and father of Carolyn. This denouement came when Miss Carroll was doing her best to get \$20,000 from Tony, who was trying to break the engagement, as heart balm.

Miss Carroll got the cheque, but because of a few kind words uttered by Gladys Manning, to whom Tony has up to the manifest astonishment of the inebriated Mrs. Brown. Tony and Gladys fall into a realistic embrace as the curtain comes down.

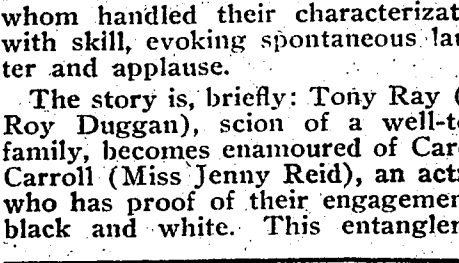

The Vagabonds Orchestra provided musical numbers during the intermissions.

A German resident in the north end reported to the police that a shot had been fired through the window of his home on Sunday night. He was not injured, and no plausible explanation has been offered for the act.

Miss B. Pugh was hostess at a bridge party held in the Willow Inn on Monday evening in honour of Miss Ruth Judge, who left yesterday on a holiday trip to the Old Country. A delightful social evening was spent, and refreshments were served.

WINSTON CHURCHILL IS MILITANT

While speaking in the debate in the House of Commons on the air estimates, Winston Churchill, former Chancellor of the Exchequer, urged that Britain keep herself free from European entanglements. In order to do so, he said, she must be strong enough to maintain her neutrality and must therefore carry out her full programme of air defence.

OBITUARY

Mrs. Emma Davies

Through the death of Mrs. Emma Davies, widow of the late Mr. John Henry Davies, who passed away at her home on Lawson Avenue on Friday afternoon, March 31st, Kelowna lost one who had been an esteemed resident for nearly thirty years. She suffered a stroke in February, but until a week before her death appeared to be improving in health.

The daughter of the late Mr. William Caldwell Blackwood, Mrs. Davies was born in Caledon, Ontario, in the year 1872. She removed to Kelowna in 1904, and on October 1st, 1910, she was married to Mr. J. H. Davies, who predeceased her in May, 1922.

The late Mrs. Davies was an ardent church worker. A member of First United Church for many years, it was largely through her perseverance and support that the pipe organ was installed in the Kelowna United Church. She was also a member of the Daughters and Maids of England, who were in charge of last rites at the graveside.

She leaves to mourn her loss two sisters, Mrs. George Dillon, of Kelowna, and Mrs. F. H. Hemesch, of Spokane, Wash.; five brothers, Messrs. Caldwell, Norman and William Blackwood, of Kelowna, Mr. Earl Blackwood, of Mission City, and Mr. Roy Blackwood, of Niagara Falls, N.Y.

The funeral service was held on Sunday, at 2.30 p.m., from First United Church to the Kelowna Cemetery, Rev. W. W. McPherson conducting.

The pall bearers were: Messrs. A. E. Bostock, H. Preston, H. Waldron, A. Mephann, G. W. Hammond and W. Shugg.

WESTBANK

Mrs. Lightly and her three daughters have moved into Mr. L. Fetherstonhaugh's house, left vacant by the Prior family.

Scoutmaster Herbert Drought has been busy with the Scouts again and has five horsemen who have passed their tests and are ready for their badges.

A tremendous north-west wind struck Westbank on Sunday night, blowing down trees and doing a lot of damage to the flume of the W. I. D. The roof of Mr. Webber's barn at Glenrosa was blown off.

The V.O.N. put on a most successful concert and three plays on Friday night, in the hall. There was a large audience and afterwards a short dance was held. About \$33 was collected for the V. O. N.

Mr. Jack Gellatly, the nut tree specialist, returned from a good trip to the Nelson district on Tuesday. He found business not too bad and the farmers in fairly good spirits.

Mr. and Mrs. L. Prior and son Jack left for their old home at Vernon on Saturday. Mrs. Prior will be very much missed in the community, especially in the Women's Institute, where she did much good work in the horticultural department, doing all the work at the small flower shows and at the Fair with the flowers and raising plants for the Institute in the spring. She made several beautiful gardens in Westbank and was always willing to help her neighbours with their gardens.

Distresses Mrs. Ray (Mrs. Taggart), Tony's mother, who has already selected a prim little lady, Gladys Manning (Miss Doris Schell), for the role of wife of her son. Gladys' mother (Mrs. Granger) is also working towards the end, Mrs. Crew (Miss E. Scott), cousin of Mrs. Ray, induces her gentleman friend, Mr. Van Alsten (Mr. George Morrow), to flirt with the actress in an endeavour to draw her away from Tony, who, meanwhile, discovers that Gladys Manning is not such an uninteresting girl, after all.

Carolyn Carroll is invited to the family residence. She is accompanied by her mother, Mrs. Brown (Mrs. Fraser), whom she introduces as her aunt owing to Mrs. Brown's tendency to drop her "aitches" and to pick them up again in the wrong place. Mrs. Brown also has a noticeable weakness for strong liquor, which, in the end, is responsible for revelation of the fact that she ran away twenty years ago with a gentleman from a music hall, deserting her husband, Thomson (Mr. Bostock), the Rays' butler and father of Carolyn. This denouement came when Miss Carroll was doing her best to get \$20,000 from Tony, who was trying to break the engagement, as heart balm.

Miss Carroll got the cheque, but because of a few kind words uttered by Gladys Manning, to whom Tony has up to the manifest astonishment of the inebriated Mrs. Brown. Tony and Gladys fall into a realistic embrace as the curtain comes down.

The Vagabonds Orchestra provided musical numbers during the intermissions.

A German resident in the north end reported to the police that a shot had been fired through the window of his home on Sunday night. He was not injured, and no plausible explanation has been offered for the act.

Miss B. Pugh was hostess at a bridge party held in the Willow Inn on Monday evening in honour of Miss Ruth Judge, who left yesterday on a holiday trip to the Old Country. A delightful social evening was spent, and refreshments were served.

Your
Easter Clothes
ARE HERE!

A great assemblage of the new season's smartest frocks and coats await your selection. Each style was chosen for the smartness and correctness of design, fine material and making. You will be delighted with the new values.

New Silk Dresses of fine fabrics: \$4.95 AND \$10.95

Coat values from \$7.95 TO \$29.75

New fancy weaves in smart wool Pullovers, the new styles to wear with separate skirts. Special \$2.95

Fine Hosiery for Easter
Costumes

Many smart new shades have been developed in Hosiery for Easter and early summer. Fine sheer, smooth weaves to blend with the dressiest costumes. Service and sheer weights for business and street wear.

Full Fashioned Hose by Orient—75c, \$1.00, \$1.50

New Hats

For
EASTER

The wide variety of shapes, in trimming and in material offers the most satisfying choice.

These are all authentic and exclusive models for spring and early summer. Also new Fedora Felt Hats.

RUSSIAN EMBARGO BILL
MAY BE MODIFIED

LONDON, April 6.—The House of Commons resumed discussion today of the Government's bill empowering it to declare an embargo upon imports of Russian goods, with the prospect that the measure might be modified to cover only the crisis occasioned by the arrest in Moscow of six British electrical engineers on charges of plotting against the state.

The measure passed its second reading last night by a vote of 347 to 48. Opposition Liberals abstained from voting. The third reading of the bill, which will become effective on April 18th, is expected tonight.

HITLERISM NOW
THREATENS CHURCHES

BERLIN, April 6.—Disturbed by the Nazi movement to reorganize the Lutheran Church, the Supreme Council of the Evangelical Church today reminded Chancellor Hitler of his promise not to touch the country's churches.

A convention of Protestant Nazis last night adopted resolutions declaring that the Protestant churches must "heed the call" of the new order, and suggested a uniform church in close co-operation with the government.

PRESS AT ODDS ON
PREMIER'S VISIT TO U.S.

LONDON, April 6.—The London press is largely at odds upon the question of Premier MacDonald's visit to the United States to discuss war debts. Mr. MacDonald sails on April 15th with his daughter Isabel and three Treasury officials.

The Daily Telegraph states that no one should place hopes too high that an agreement will be reached. "The attempt is a hazard," the paper says, "and Premier MacDonald should remember that hazards can be repeated once too often."

TEN MILLION DOLLAR B. C.
LOAN DISMAYS LEGISLATURE

VICTORIA, April 6.—Expressions of dismay fell from the lips of members of the Legislature when, shortly before midnight, Hon. J

Movies at 10c a Scene

... with the new
\$39.50
CINE-KODAK
EIGHT

This entirely new camera, with its entirely new principle, makes one foot of film go as far as four. The film costs only \$2.50 a roll. FINISHED, ready to run. And each roll takes twenty to thirty average length shots. Cine-Kodak Eight is a full-fledged movie camera at \$39.50—carefully, durably made.

WINFIELD

At the Farmers' Institute meeting on Thursday evening last, under the usual business, two very interesting lectures were enjoyed by a very small audience. The first speaker was Mr. Kelly, whose subject was formation of soils. Explaining in a very clear manner the way in which our Okanagan Valley was built up, he stated that at one time the water level of Okanagan Lake was some 900 feet higher than at present. He spoke of the Coldstream lands which, he said, had been entirely stripped rather than built up like most of our benches. He stated that he had in the past few years made a soil survey of 33,000 acres, located at Mission, Mission Hill, Coldstream, Peachland and a district near Creston, and this season is working in the Glenora district. He had a very good map made up of the Coldstream district on a scale of 400 feet to the inch and taking in an area of perhaps 25 by some 10 miles. Shading of the map showed the soil types. He explained that lack of funds made the work of necessity rather slow in carrying out, and that the work was only done successfully by the co-operation of the residents, who put in the prospect pits so that the soil may be readily studied and analyzed to a depth of several feet, observing the greater depths by road cuts, etc. This survey work, of course, is leading up to a study of quantity of water needed and to such things as fertilizer requirements.

Following this address, Mr. Ben Hoy, of Kelowna, gave a very clear talk on the life history of the codling moth, stating that it had been in the valley for in the neighbourhood of twenty-five years in certain small areas but that it now was practically all over the fruit growing area of the valley to some extent. He said that the pest was now in the full grown worm stage and would be in the pupa stage during May, emerging to the fully winged moth about May 25th, at which time egg laying would commence if weather was suitable, which means a temperature of not less than 60 degrees at dusk.

Ten days after eggs were laid hatching would commence, when the worms would spend twenty to thirty days in the apples. The moth lays its eggs not in solid blocks but scattered around; the first brood accounting for some thirty worms, while the second brood was probably around a hundred worms for each moth. He then stated that the bait traps last year showed the peak of the first brood on May 29th, while the second peak was on August 8th, with only a small number caught from June 20th to August 1st. Pari malt is used in the bait pots at one gallon to twenty of water. Molasses at the same proportion with yeast added to the mixture would take the place of the malt. It was found that pots do not need to have further bait added during the season, merely adding water to take the place of evaporation. Banding properly inspected would account for some thirty per cent of worms after they started going down, which was started about July 1st. By the use of a chart he showed the results of experiments in spraying on five plots as follows:

Maximum number of sprays applied, five, including calyx, May 16th to 18th; first cover, June 6th to 8th; second cover, June 15th to 17th; first week in August; August 24th to 26th.

No. 1 plot—All sprays applied; worms, 1.3 per cent; stings, 9.4 per cent.

No. 2 plot—All sprays applied except Aug. 24th to 26th; worms, 2.2 per cent; stings, 12.1 per cent.

No. 3 plot—All sprays applied except second cover; worms, 3.1 per cent; stings, 12.3 per cent.

No. 4 plot—All sprays applied except calyx; worms, 3.6 per cent; stings, 13.2 per cent.

No. 5 plot—Three sprays applied, second cover and final spray in August being omitted; worms, 2.5 per cent; stings, 15.1 per cent.

The apples counted as having worms in them included all those which had holes in them, though not necessarily containing worms. The method used to arrive at the number of worms and stings was to keep a number of trees at picking time on which all the apples, including those that had fallen, were counted, damaged apples all being kept separate. It was found that, though the number of moths caught varied a great deal even in the short distance of different parts of the same orchard, the time of the peak catch was the same over all plots in both first and second brood, making ideal time of spraying the same over a whole district.

He advised the use of 1 1/2 pounds of arsenate of lead to 40 gallons of water, but stated further that the main thing in control was the proper application of the spray.

A regular monthly meeting of the Winfield Anglican Church Guild was held at the home of Mrs. H. Bond on Thursday, March 30th. It was arranged to hold a tea, sale of work and home cooking on April 21st, in the Winfield Community Hall. Some of the members volunteered to clean the church so that the floor may be oiled and varnished before the consecration of the church, which is to be performed by Bishop Doull on Sunday, April 23rd.

Mr. and Mrs. W. J. Coe and Dick, accompanied by Mrs. F. McDonald, motored to Enderby Sunday.

The Rev. J. L. King motored down from Enderby on Sunday to take the services at Okanagan Centre and Winfield and is spending the entire week visiting the members of the congregation.

About 140 people attended the dance on Friday last, which was put on by Maurice McCarthy in his new garage, everyone having a very enjoyable time.

WHY THE AMBULANCE

"Did you know that Reed is in the hospital?"

"No! Why I saw him only last night, dancing with a dizzy blonde!"

"So did his wife."

TWENTY YEARS AGO

From the files of "The Kelowna Courier"

Thursday, April 3, 1913

"From" reports brought down from the K.V.R. camps this week, it appears that the long mooted 'big strike' which was scheduled for April 1st, has been postponed for about five weeks, when a general walkout all along the line is commonly predicted. The labourers are apparently waiting for warmer weather and easier living conditions before dropping their shovels and powder kegs, but those who have arrived in town recently are certain that the strike will occur, unless hasty improvements are effected in the matter of wages and camp comforts."

"An accident occurred at the Royal Hotel corner on Tuesday afternoon, when a man named Walsh, who apparently was considerably intoxicated, stepped in front of Mr. J. Harvey's motor car and was run over, sustaining a fracture of the right leg near the ankle and minor bruises. Mr. Harvey was driving very slowly and turning towards the wharf at the time, but could not stop in time to prevent the accident. The man was carried into the hotel and from there removed to the Hospital by Dr. Knox. The case is the first of its kind in Kelowna, and if the victim had been sober, it doubtless would not have occurred."

A page advertisement in this issue announces that the pioneer firm of Lequenne Bros. & Co., has sold out to L. Richmond, of Vancouver.

A successful presentation of the famous farcical comedy "Charley's Aunt" was staged by the Kelowna Musical & Dramatic Society in the Opera House, on March 29th.

A letter addressed to the editor of the Courier by Mr. W. E. Scott, Provincial Deputy Minister of Agriculture, states that "the experience of the past year has shown very forcibly and clearly that, if the fruit growers of the Okanagan Valley are to receive the prices for their fruits which they should secure, and to which they are entitled, it is necessary that some immediate steps be taken towards the formation of a central selling organization, which would arrange for the distribution and marketing of the output. The grade and quality of Okanagan fruit, as is well known, cannot be excelled, but so long as the different shipping organizations are marketing their produce independently, and without mutual co-operation, the best results cannot be obtained."

"The Department of Agriculture realizes that this is a matter which must be decided upon by the growers themselves, but in order to give the growers in the different producing centres an opportunity to thoroughly investigate and discuss the question, so that, if possible, some satisfactory solution may be arrived at, the services of Mr. R. Robertson, of Vancouver, who possesses an intimate knowledge of the marketing and distribution of fruit and also the principles of co-operation, have been secured."

Mr. Robertson will hold a public meeting in your district, and due notice will be given as to time and place very shortly. At this meeting, after a full discussion of the subject, your district will be asked to appoint a fully accredited delegate, who will attend a subsequent meeting, composed of delegates from all the other producing centres, who will take in hand and arrange details for the formation of a central selling agency for the valley, if this line of action meets with the approval of the fruit growers.

"I would like it to be distinctly understood that this action is being taken by the Department not with any idea of dictating a policy, but in response to numerous requests which have been made that we should send some one through the district with a knowledge of co-operative methods and marketing of fruit. The line of action to be pursued in this connection must be decided upon by the growers themselves."

"That the principles of co-operation and united action are correct cannot be gainsaid. Let us therefore all get together and with a little give and take, and the sinking of local rivalries, effect a suitable arrangement whereby the fruit industry of the province may be placed on a basis of progressiveness and lasting prosperity."

The movement thus set on foot under government auspices was the genesis of the Okanagan United Growers, which was succeeded in 1923 by the Associated Growers.

A "true story" emanating from Grenada, along the Canadian National's West Indies steamer route, says that a solicitor there, feeling certain that the next six months would bring no business, laid in "a stock of literature, some simple food and got his radio into good condition." He then got into pyjamas and retired, getting up only to take exercise, feed himself and bathe.

OKANAGAN CENTRE

The last evening of the badminton season (Thursday last) was made a most enjoyable one when the members invited their friends and a club match was arranged. Sides were chosen by the captains, Collinson and Wentworth, and each couple played four games. A number of the guests as well as the junior members were included in the play. The "Whites" (Wentworth, captain) won the match and were rewarded with large and gaudy lollipops. A number of the guests played cards and an amusing feature of the entertainment was a story of life in the country having blanks in a dozen places which were to be filled with the names of club members. This very clever little skit was the work of Mr. Gleed, while the general arrangements for the evening were due to the indefatigable secretary, Mrs. Gleed.

The bush fire of Wednesday last, which originated from a lighted match dropped in the weeds on the one-time Duke ranch, came very near being a catastrophe. Though discovered immediately, only the quick work of many shovels prevented it reaching the Hare and Cheesman residences.

Improvements are being made on several of the houses in the village, notably the residence purchased by Mr. Harrop, which has been reshingled, a verandah added and the surrounding ground graded and being prepared for a garden. The cottage nearest the Westbury Inn, the property of the Okanagan Valley Land Co., is also being renovated and prepared for the new occupants, Mr. and Mrs. Cliff Fallow, who intend becoming permanent residents of the Centre.

A good crowd turned out on Friday for the "bee" at the tennis courts, and under the able supervision of the President, Mr. Gibson, the fences were mended, courts rolled, tapes laid and pavilion cleared. Everything, in fact, was put in readiness for the opening social afternoon on Saturday. This passed off as a very pleasant affair, with Mrs. Macfarlane, as tea hostess.

The April meeting of the Women's Institute is posted for the afternoon of the 13th (Thursday), at the Community Hall with Mr. S. Hamilton, of Vernon, the special speaker, his topic being "Culture of Dahlias and Gladioli." A resolution to rescind the charge of ten cents for tea at each meeting will be introduced for discussion.

CHURCH NOTICES

ST. MICHAEL AND ALL ANGELS
Corner Richter Street and Sutherland Avenue
April 9th, Palm Sunday.

8 a.m. Holy Communion.
9.45 a.m., Children's Service and Kindergarten.

11 a.m., Matins, Sermon and Holy Communion.

7.30 p.m. Evensong and Sermon.

April 10th, 11th, 12th (Mon., Tues. and Wed. in Holy Week): 8 a.m., Holy Communion; 2.30 p.m., Litany and Reading; subject, "Light to Lighten the Gentiles."

April 12th (Wed.), Evensong and Reading. Subject: "The Pilgrim's Progress in the world today."

ST. ANDREW'S, Okanagan Mission, April 9th (Palm Sunday): 11 a.m., Matins, Holy Communion, and Sermon.

THE UNITED CHURCH OF CANADA

METHODS OF PLANTING DAHLIAS

For amateurs the usual method of growing dahlias is that of root division. The roots of one year are stored in cellars and divided up for new plants the following spring. The storage room for these roots should be frost proof and not too dry. Conditions which are suitable for storing potatoes are suitable for the storing of dahlias. These roots may be planted out into the garden towards the middle of May, or earlier if no danger from late frosts is expected. They may be planted from two feet to four feet apart, according to space available and the size of the root planted. When dividing the roots care must be taken to see that each part has at least one eye, which will be found on the crown to which the true roots are attached.

Another method, generally the commercial method, of propagating dahlias is by means of cuttings. During recent years raising them from seed has also grown in favour. In fact in the case of the new Corollata dahlias it is the simplest and best method. The seed should be sown about the beginning of April.

Where the dahlia succeeds it is a very satisfactory flower for the amateur. The dahlia, says the Dominion Department of Agriculture, requires

TOC H LIGHTS ITS LAMP OF MAINTENANCE
(Continued from page 3)

Mr. T. D. S. McLaren, of Oyama, was much impressed with the brotherhood, but unless one or two had the nucleus it would be dangerous to make a start in a small community. Until it was deep in their hearts, Toc H should not be brought in.

Mr. Evans, of Oyama, remarked that he had enjoyed the service. He hoped that something could be done at Oyama, but they should not be in too much of a hurry.

The Pilot explained that, to form a Group, four or five men got together to do odd jobs for others. Then the Group was formed, which was a start.

Mr. H. V. Acland, of Oyama Camp, made a plea to Toc H to give the single men in the unemployment camps a chance. He said that he had lived with unemployed men for a year, and he had tried to find out what was the matter with them. Lately, here and at Vernon, the men were abused because they were not doing anything. Looking in from the outside, people were inclined to say that these men were fat, over-fed and doing nothing, while married men outside were living on a pittance.

They were right from that point of view, but the men were in the camps because there was no work to do. It was a question either of paying \$1.10 to keep them in jail or forty cents to keep them in camp. That was from the taxpayers' point of view.

The point of view of the man inside was different. Sixty per cent or more would work rather than go into a camp. Most of the young men in the Oyama camp were brought to Canada from the Old Country by the Canadian Government and the railways. They came out to work, but there was a big difference between men being forced to work for nothing and a man who offered to do so. With regard to the road trouble there, the men said that they did not mind fixing a piece of road, but when wages were forty cents an hour they could not get this work. They were always being told that the married men were up against it. Then, they said, why not let the married men do the work and earn some money. It was his duty to keep these men quiet, out of jail and out of the cities, said Mr. Acland, and the government was trying to keep them off the labour market.

There was a wonderful Toc H spirit in camp, he added. He had seen one man divide a dollar between four or five. One man had given his shirt off his back, and another had given away practically everything he had. There was a fine spirit prevailing among a poverty-stricken bunch. (Hear, hear.)

Dr. J. W. N. Shepherd declared that Toc H was a wonderful organization, and citizens appreciated the work Toc H was doing among the boys in keeping them off the streets and leading them the way they should go. "The citizens of Kelowna are behind you, and I think they would help in any way."

Mr. Hughes-Games took the opportunity to publicly thank the Rotary Club, of which Dr. Shepherd was a member, for the support given in making the Toc H production. "A Little Bit of Fluff," a success.

Mr. H. G. M. Gardner was very interested in the work of Toc H, although it was the first time he had come in contact with the organization. He was impressed with their ideas. "Some day I might come back and get you to teach me more."

That the spirit of Toc H was a spirit that was gaining momentum all the time, was the opinion of Mr. W. Hardy, who said that one did not have to worry about the boys in camp if they showed a similar spirit. Toc H was building the spirit of comradeship. It was a fine thing to get near to one's neighbour and show the spirit of human kindness. This organization and others would grow in a wonderful way and the world would be better for it.

Mr. Chris Tickell was very much interested in the work being done for boys. He was impressed with the very reverent air during the ceremony.

Mr. Alister Cameron appreciated the thought given to one of the family, and he thanked the Branch for the invitation to attend.

"We feel that we have not accomplished anything like we set out to do," said Mr. Hughes-Games, "but the encouragement received tonight helps us on our way."

"Rogerum," the song of Toc H, was sung to conclude the proceedings.

What, in your opinion, will happen the country when the rest of us have to go on relief?—Enderby Commoner.

The Armstrong & District Board of Trade is in sympathy with a resolution submitted by the Kelowna Board of Trade for a reduction in telephone rates. The Vernon Board of Trade is of opinion that no action should be taken at the present time for a downward revision of telephone rates, contending that such a request would involve an exhaustive inquiry and that a reduction could be effected only by an Order-in-Council.

plenty of moisture, rich soil, occasional artificial fertilizing, and not too hot a climate.

JUST CHATTER

(By ex-Kelownian)

Too Bad, Kelownia!

Regrets, deep regrets that the Kelowna boys were unable to make the grade in the Senior B division, are in order. Judging from the display of the 'Phones here, the result was rather surprising. However, there are other days in store.

Winnipeg Tollers Tragedy

The terrible tragedy of the Winnipeg Tollers came as a tremendous shock to hoop players at the coast. Several of the players were well known personally. A number of them played on the team that opposed Kamloops some years ago. Many of the players have seen many years of service. It may mark the closing, temporarily at least, of the career of a remarkable basketball team.

B. C. Final

In the B.C. final the "Hello" squad were absolutely no match for the rainy and deadly shooting Victorians. It may interest Kelowna enthusiasts who have followed the game for the past years to learn that Johnny Craig, once speed artist of Kamloops squad, is now a regular on the Blue Ribbon squad, and opened the fatal attack on the Varsity. In spite of the fact that Johnny is married, has a little girl and has home duties, he still keeps up his sport and is one of the stars on the Victoria infield baseball team.

The Welcome Sun

The breath of spring is evident at the Coast. Never within memory have we (and there have been many old timers who have felt the same) longed so intensely for sunshine. Whether it was the absence from the sunny Interior, or because of the unusually wet winter, but everyone literally gasped for sunshine. The warm rays of the sun make such a difference to the outlook on life. The gardens are now beginning to show colour, and many beautiful displays of crocuses and snow drops and daffodils are on display. Speaking of daffodils, the other day they were on sale in Vancouver at four dozen for 25 cents. One lady bought sixteen dozen and sent them east to Winnipeg and Toronto to sick friends.

Oxford Group Movement Rouses Vancouver

Nothing in recent years in Vancouver has made such a tremendous impression as the Oxford Group Movement. Every meeting has been crowded to overflowing. There is not the slightest doubt but that, whatever the lasting results, it has aroused the public to almost-unheard-of depths of curiosity and interest. On Sunday at Chalmers Church, for instance, where Dr. Frank Buchman was speaking, preparations were made to accommodate a large crowd, but as the auditorium comfortably seats 1,750, it was not anticipated there would be much difficulty, especially as Group members were speaking in practically every large church in the city. At 6.30, an hour before the service started, the main floor of the auditorium was packed. Immediate steps were taken to prepare the adjoining school room, and long before the hour of starting, that vast auditorium, upstairs and down with its tier upon tier of seats was packed to capacity. They were sitting on top of exits, and every available nook and corner was jammed with chairs. Even the aisles had to be utilized, and it was with the greatest difficulty that the ushers were able to keep sufficient space free to ensure safety. With a large choir and the magnificent organ under the able fingers and feet of George Coutts, Vancouver's premier organist, it was a most inspiring sight. It was the largest crowd Chalmers Church ever accommodated. And hundreds upon hundreds were turned away. This was also true of every other church. Never in the history of Vancouver has there been such a general march to church. People who had not darkened a church door for years were there.

The service was simple. A beautiful anthem, "Hear my Prayer," with Miss Marjorie King (late of Summerland) as soloist, captivated the audience and created a fine atmosphere. Dr. Buchman has no outstanding pulpit personality. He has a slightly hooked nose, wears glasses, is not afraid to smile or crack the odd joke. There was nothing spectacular, nothing of the old time evangelist. There was no great emotional appeal, but he just told story after story of "modern miracles." He explained how man after man had found new life through the movement. As an oratorical effort it was a disappointment. Those who went seeking a thrill came away fooled. The whole thing was very ordinary—except for the periods of silence. This is one of the great secrets of his work. He explained that God gave man two ears and one mouth that he could listen twice as much as he talked. He would pause for a considerable time and ask the congregation to remain silent. It was very impressive. With some 2,500 people listening, many in most uncomfortable positions, one could hear a pin drop. The flare of Torrey, or the enthusiasm of Sankey or Booth, was

LETTERS TO THE EDITOR**TEST PIECES FOR MUSICAL FESTIVAL**Okanagan Mission, B.C.,
March 30th, 1933.To the Editor,
Kelowna Courier.Dear Sir:—
There seems to be a great deal of dissatisfaction over the test pieces chosen for the Musical Festival this year; the general opinion being that they are too difficult. Every one wants some easy piece that they can perform well, losing sight of the object of the Festival, which is to test ability.

Also, there is a lack of consideration for the Adjudicator, few realizing the great mental strain he has to stand. In adjudicating several performers in an easy piece, the marks are so close as to make decision difficult, but with a difficult piece the difference in ability becomes very marked; thereby making adjudication comparatively easy, and so lessening the strain on the Adjudicator; and also ensuring what is very important, a correct adjudication for each competitor.

Yours truly,
OSWALD S. JONES.

missing. It was a frank, plain, very simple conversation. He explained how their work was not done in the mass, but by individual effort. He explained how lives were changed, by quiet contacts. It left one with a desire to know more of this movement.

It is safe to say that no one left the building satisfied. It is also safe to say that not a person left the building but afterwards discussed the mystery of it all with some one else, and this seems to be the very plan of action the Group adopt. Get people thinking and talking and you can then make contacts. The results will be watched with considerable interest. Whatever the ultimate results, the immediate results cannot but help the churches, temporarily at least. The mystery is that the regular ministers in many instances are preaching much more able sermons, and are just as sincere, and yet in many cases speak largely to empty wooden benches.

ELLISON

On Sunday afternoon the softball boys turned out, put the grounds in excellent shape, then enjoyed a friendly game, Caldwell's crew vs. Piddock's Peppers. Ellison's team this year promises to be stronger than ever.

We are glad to hear Miss Stella Borna returned from the Hospital last Sunday and expects to be back at school this week. Stella, we hear, was threatened with typhoid fever, but by getting under proper care in time has been successful in overcoming the illness in short order.

Mr. "Larry" Evans, of Oyama, has come to Ellison for the season, being employed as water bailiff on the Bulman Irrigation Division.

THE RIFLE

First Practice Of The Season Next Sunday

A small working party of four enthusiastic riflemen proceeded to the Glenmore rifle range at the beginning of the week and accomplished the very necessary work of providing a water-tight roof for the target shed and a portion of the pit, sufficient to give shelter to the markers in the event of rain. During the wet weather last fall the target shed leaked and the rain made a mess of the materials contained therein. Two plies of building paper, with another thickness of roofing on top, should prevent a recurrence of the trouble.

The target frames were found to be in fairly good condition, and it was decided to fire a few rounds at 200 yards, but the three cars in which the party had travelled to the range had managed to mire themselves in soft spots and refused to budge until literally dug out with much shovelling, levering, pulling and hauling and a wonderful small quantity of bad language, considering the circumstances. The whole party got plenty of vigorous exercise, plus a liberal daubing of sticky clay on their shoes, and when all the cars had been extricated it was found to be after the luncheon hour and too late to commence shooting, so the practice was postponed regretfully until next Sunday, when the first regular practice of the season will be held, and a good attendance of members is expected.

The ground round the firing points is quite dry, and as long as cars are kept on the main road there is no danger of miring. The tricky places are soft spots in the shadow of the timber, in which there were still some patches of snow a few days ago.

The steel target frames have not arrived yet from the disused range at Nelson, and Secretary Hawes has been chasing up the government department concerned in the hope that he could speed up their tortoise-like gait a little so as to have the frames installed in time for the first shoot, but, unless the unexpected happens, the old frames will have to be used for a time.

We must remember that the government is the people and the government is only as rich as the people themselves, observes the Powell River News. Therefore, says the News, we should not ask any more from the government than we would ask of our neighbour. (No, the ordinary citizen should not expect as much from the government as the politician.)

ADAMS RIVER YIELDS NICE BASKET OF TROUT

Enthusiastic Anglers Get Reward For Braving Chilly Conditions

Two hours of fishing in the cold at Adams River yielded one party of fishermen a basket of seven trout at the week-end. Joe Child, of Vernon, Jim Horn, of Revelstoke, Joe Spurrier and Dr. Lloyd Day, of Kelowna, were included in this party of enthusiastic anglers, who wished to try their luck on opening day. They used the stone fly nymph, recommended in last week's notes, and had a good time at Little River Fishing Camp, despite the fact that the weather was a bit too cold for satisfactory fishing.

According to Joe Spurrier, fishing should be good for the Easter holidays—and the roads should improve marvellously with a week of sunshine. Trolling and fly-fishing should yield best results on the holidays. Joe reports that the camp is in great shape, and that any party of Waltonians should thoroughly enjoy the trip. The stone fly nymph is the best bet for lure.

ORCHESTRAL SOCIETY TO GIVE CONCERTS

First Of Series Will Be Held Next Sunday Evening

The first of a series of three concerts by the Kelowna Orchestral Society will be given in the Empress Theatre on Sunday evening next, beginning at 9 o'clock, in aid of orchestra and accessories fund. This orchestra, conducted by Mr. A. C. Guild, is a local organization which has assisted at many charitable functions. With the support of the public, it should develop into an orchestra of which Kelowna may well be proud. A collection will be taken at the door.

The programme for Sunday next is as follows: March, "Pet of the Guards" (Baravaile); selection, "Bohemian Girl" (Balfe); vocal quartette, "Nearer My God to Thee," Mrs. Stone, Master Guy Fisher, Messrs. Ray Stone and F. A. Martin; waltz, "The Skaters" (Waldteufel); largo, "Nazareth" (Gounod); recitation, Mrs. DeMara; serenade, "Dolce far Niente" (Hosmer); solo, "Angels ever bright and fair," Master Tony Agar; Hungarian dance No. 5; vocal duet, "Love Divine, all love excellency," Mr. F. A. Martin and Master Guy Fisher; selection, "Sounds from England."

Ladies Play Qualifying Round Of Spring Flights

Sixteen ladies took part in the qualifying round of the Spring Flights, which was played on Tuesday, ladies day.

On Tuesday next, a 9-hole competition will be staged by the ladies section of the Golf Club.

EARLY CLOSING LEGISLATION IS REQUESTED

(Continued from Page 1)

Mr. Harding said that the excuse offered for 6 o'clock closing used to be that the C.P.R. boat arrived at 4.30 and people came for their mail between 5 and 6. Now the boat was arriving after closing time.

Mr. Bert Johnston declared that the "gentlemen's agreement" was not working out as it should, so something should be decided at that meeting.

Mr. R. J. Gordon stated that at least seventy-five per cent of the merchants would have to sign a petition before the Council would take cognizance of it.

Holders of trade licences were entitled to sign, said Mr. Barton in response to a question.

Mr. W. J. Munro moved an amendment to the motion to the effect that stores close at 5.30 and 9 from January 1st to May 31st, and at 6 and 10 from June 1st to December 31st, this to be requested in a petition to be circulated for submission to the Council, which would then have authority to amend the by-law. This was seconded by Mr. R. A. S. Sutton, who declared that he favoured these hours if they were enforced.

Each member present was called upon by the chairman to express his opinion on the subject before the vote was taken. As the later vote indicated, a number of those present did not wish to have the by-law changed, while others urged that some step be taken to bring into effect shorter hours. Many, too, that it should be decided whether or not the by-law was to be changed, contending that a "gentlemen's agreement" was not satisfactory.

Mr. Munro's amendment carried, fourteen voting for it, thirteen against. **New Members**

The following new members were declared elected: Messrs. A. Cather, W. J. Munro, Fred Burr, C. E. Friend, G. E. Hunt, H. Waldron and W. H. F. Jolley.

Tobacco Scrip Plan Abandoned

With regard to the proposal placed before a previous meeting by the B.C. Tobacco Growers' Association—that of circulating scrip, which the Association proposed to accept as part payment for tobacco leaf shipped to Canadian Tobacco Ltd.—Mr. Barton reported that he had written to the company and had forwarded copies of the letter to Vancouver wholesalers. The only reply received was addressed to the Tobacco Growers' Association by Canadian Tobacco Ltd., which, for several reasons, did not receive the scheme with any great degree of enthusiasm. It appeared that the plan was definitely abandoned.

The committee appointed by the Retail Merchants to investigate the scrip idea also took up a similar proposal with the Tomato Growers' Association. Mr. A. L. Cross, of the Rutland Cannery, was seriously considering a plan along this line, but so far nothing had been done.

Mr. Harding suggested that the committee should get in touch with Mr. Cross, who had recently returned from the Coast.

Telephone Rates

Referring to the request of the Bureau for a reduction in telephone rates, Mr. Barton said that copies of the resolution had been forwarded to every town served by the Okanagan Telephone Company, as well as the company. The telephone company replied that the matter would be brought to the attention of their directors. Salmon Arm and Penticton endorsed the Kelowna resolution, but Vernon replied that, after consulting the telephone company, they found that the rates could not be reduced without an exhaustive inquiry. Furthermore, if a reduction was shown to be desirable, it could be effected only by an order-in-council. Vernon would take no action in the matter.

Some members doubted if an order-in-council was necessary. Mr. W. A. C. Bennett remarked that some of the farmers' organizations had submitted similar resolutions to the telephone company.

Before the discussion on early closing began, Mr. Harding asked every member present to air his grievances at the meeting. They became enlarged when the talking was done on the street.

It is a hopeful sign, remarks one survivor of the situation, that millionaires have ceased to multiply. We'd like it even better, though, if they'd begin to divide.

PROVISIONAL EXECUTIVE FOR B. C. F. G. A.

(Continued from Page 1)

Supporting the motion, Mr. T. G. Norris, K.C., declared that the B.C.F.G.A. could not be carried on as in the past. But there should be no recrimination—the past should be left out of discussion of plans for the future. Mr. Stirling had suggested that a committee be appointed to go into the structure of the organization and its financing, which was very necessary. It was suggested that a canvass be made, and that too was necessary, although the Isaacs committee was doing excellent work at present. But another canvass should be made to keep before the growers the necessity of an organization and to keep them enthused.

It was idle to say that the Association had a permanent secretary as he did not think the present official was hired by the year. A strong man was needed for the job—one who could go out among the growers and collect money and keep closely in touch with them. It was a good idea to appoint a provisional committee of men who would bring in a report later on. Surely five or seven men would be willing to give their time to the work, and the Association could carry on meanwhile.

Mr. Norris could not see why the Association could not carry on despite what had been said about the gravity of the situation. There were ample sources of revenue, if tapped. Then why not appoint a committee and have them bring in a proper report?

Mr. Isaacs stated that he was willing to fall in line with any suggestion which would bring the growers together. He said that the present canvass would cost \$350, an amount guaranteed by people interested. The meeting on April 25th would prove if the canvass had been worth while. If less than 2,000 growers were signed up, then it would be a failure. He said that the Secretary would not quit unless the Association went into liquidation. He was carrying on this month for nothing. What would have happened, asked Mr. Isaacs, if the Vernon committee had not got busy at the work of re-organization?

It was pointed out that others had no intention of allowing the organization to go out of existence.

Mr. Isaacs was in sympathy with the Stirling resolution, but the present campaign was designed to get a good membership and to find out if the growers wanted to carry on. Unless sufficient membership was signed up at this time, they would not get a proper representation of opinion at the coming meeting.

When the motion was put to the meeting by Mr. H. B. D. Lyons, Director for Kelowna South, who acted as chairman, it carried by a decisive majority, only three opposing it.

Mr. Lyons asked if it was the wish of the meeting for him to resign and call another local meeting to appoint a new Director, in line with the action of some of the other locals. The meeting voted that Mr. Lyons carry on until April 25th.

The question of whether or not growers should sign up at that meeting was discussed. Mr. Stirling declared that they should back their resolution by signing up, consequently membership forms were circulated and practically all who had not signed previously did so.

It was stated that a canvass had already been made of the Mission, Rutland and Ellison districts. Mr. T. G. S. Chambers, Director of Rutland-Ellison Local, suggested that the executives of the Locals in the Kelowna area get together before the April 25th meeting and talk over their ideas, to which Mr. Lyons agreed. Mr. Chambers also stated that a meeting of his Local was to be held on Thursday, April 6th.

Mr. J. C. Clarke declared that the question of financing the 1933 crop should be discussed at the April 25th meeting, with which all agreed. Mr. Isaacs stated that when a sound, efficient business organization was built up it would have to go after the banks and the government, which would have to give financial assistance and more attention to the problems of the growers. Mr. Isaacs suggested that nominations for the committee suggested at that meeting should be considered before the April 25th meeting.

Mr. E. Snowsall said that the Glenmore Local had had wonderful success with their canvassing, and would bring forward suggestions for changes in the constitution which they considered desirable.

In his address at the beginning of the meeting, Mr. Isaacs reviewed the circumstances which led up to the present grave condition of the Association and the industry, stating that he had already addressed meetings at Osoyoos, Oliver, Penticton, Summerland, Naramata, Rutland and Oyania, and he had received strong encouragement, only five refusing to sign up so far. He repeated that the present executive would resign on April 25th and the growers

HELD TICKET ON FAVOURITE, BUT—

Harold Dunning, Toronto civic employee, held an Irish sweepstakes ticket on Golden Miller, co-favourite in the Grand National. He watched the progress of the race on a teletype machine, which ticked away his losses of winning \$123,000 as it told of Golden Miller's fall when the favourite, then in fourth place, was approaching the end of the course. Dunning took the disappointment very philosophically. "Still, it's a good bargain," he said, alluding to the fact that he would get between \$3,000 and \$4,000 for having drawn a horse.

would have the opportunity to make the reconstructed organization what they wanted.

At the opening of the meeting, which was attended by not more than thirty-five or forty growers, Mr. Lyons expressed regret that notice of the meeting had not been published in the Kelowna Courier. This had been left in

the hands of Mr. Isaacs, who forgot to attend to this while passing through Kelowna last week.

Referring to the Agricultural Stabilization Fund, Mr. Lyons declared that Mr. Grote Stirling, M.P., had worked hard to have apples included and he was not without hope that this might be eventually accomplished.

OFFICERS OF LAWN TENNIS CLUB RE-ELECTED

Entrance Fee Suspended For New Members Joining This Year

At the annual general meeting of the Kelowna Lawn Tennis Club, held in the Court Room, Casorso Block, on Saturday evening, it was decided to suspend the entrance fee for new members joining this year and to raise the subscription fee to \$12 instead of \$10 for members who did not pay their dues within a month of the due date. At a committee meeting held later, it was decided to open some of the courts for play on April 13th, weather permitting. The courts are drying quickly and should be in good shape before long.

President F. W. Pridham occupied the chair at the annual meeting, which was attended by thirty members. The reports of the President and the Secretary, Mr. H. G. M. Gardner, pointed out that, owing to a smaller membership and the difficulties of the times, income had not been sufficient to cover operating expenses last year. In the coming season, however, it was anticipated that expenditures would be lower, and there were already indications that more people would be playing tennis this season.

Election of officers resulted in Mr. Pridham and Mr. W. Metcalf being re-elected to the positions of President and Vice-President, respectively, and Mr. Gardner was re-elected Secretary-Treasurer. Mrs. T. G. S. Chambers, Messrs. W. B. Bredin, A. M. Hodgins and D. K. Penfold were re-elected to the Committee. Vacancies for one more lady and one man were left for the Committee to fill.

Mr. F. D. Nicholson, of Victoria, was nominated for the presidency of the Provincial Association, and Mr. Gardner was nominated for the Council.

THE "COURIER" FOR JOB PRINTING

Let's Talk About Easter

We have assembled a wonderful assortment of Easter Spring Merchandise

NEW NECKWEAR - NEW HOSIERY - NEW MILLINERY
NEW FOUNDATION GARMENTS
BY NEMO, GOSSARD AND PARISIAN

Easter Hosiery
KAYSER AND MERCURY

WEAR NICE HOSIERY - YOU OWE IT TO YOUR AUDIENCE

The spring shades are lovely. Sheer finish and weights for every occasion. Every one made with picot edge and, of course, "Slendo" heel.

KNIT SUIT SPECIAL
BY JANTZEN

The tailored type of well-cut suit that's much in demand for daytime and sports wear. Featuring new spring styles with smart jacket and skirt, complete with jacy blouses. A real bargain at this low price—

\$13.95

DENT'S FRENCH GLOVES

\$2.50

Smart gloves cut on the new slim-fitting lines for 1933. Plain or fancy silpions in a wide range of smart colour combinations: black, navy, brown, beige. All full pique sewn fingers. Sizes 5 3/4 to 7 1/4.

HANDBAGS, \$1.95 & \$2.95

FOR YOUR EASTER ENSEMBLE

If you are wise you choose one to match your shoes. Gleaming patents, smart dull leathers in attractive pouch and under-arm styles. Beautifully lined and finished with zippers, mirrors, coin purse; grey, red, beige, blue, brown or black, and combination effects. Others at ... \$5.00
